## France Since 1918:

**The Origins of Economic Regions in France, 1918-1940** Terence Cudbird, 2026-01-01 This book provides a comprehensive account of the achievements of the economic regions set up in France after the First World War It identifies exactly how they operated as well as critical success factors such as effective leadership Some recent historians have taken a very negative view of the part played by these regions in economic development This new study instead argues that they made a significant contribution and laid the foundations for the regions created in France after 1945 The key areas which they identified transport power generation and technical education have remained the preoccupations of regional governments in France and elsewhere to this day The author covers the needs of commerce and industry but also agriculture and tourism Based on fresh research using a wide range of primary sources this book will appeal to economic historians economists and geographers as well as historians with a particular interest in France *The Return of Alsace to France,*

*1918-1939* Alison Carrol, 2018-05-24 In 1918 the end of the First World War triggered the return of Alsace and Lorraine to France after almost fifty years of annexation into the German Empire Enthusiastic crowds in Paris and Alsace celebrated the return of the lost provinces but return proved far more difficult than expected Over the following two decades politicians administrators industrialists cultural elites and others grappled with the question of how to make the region French again Differences of opinion emerged and reintegration rapidly descended into a multi faceted struggle as voices at the Parisian centre the Alsatian periphery and outside France s borders offered their views on how to introduce French institutions and systems into its lost borderland Throughout these discussions the border itself shaped the process of reintegration by generating contact and tensions between populations on the two sides of the boundary line and by shaping expectations of what it meant to be French and Alsatian Borderland is the first comprehensive account of the return of Alsace to France which treats the border as a driver of change It draws upon national regional and local archives to follow the difficult process of Alsace s reintegration into French society culture political and economic systems and legislative and administrative institutions It connects the microhistory of the region with the macro levels of national policy international relations and transnational networks and with the cross border flows of ideas goods people and cultural products that shaped daily life in Alsace as its population grappled with the meaning of return to France In revealing the multiple voices who contributed to the region s reintegration it underlines the ways in which regional populations and cross border interactions have forged modern nations **France Since 1918** Herbert Tint, 1980 *British Regiments 1914-1918* Brigadier E. A.

James, 2012-09-06 One of the most used and most useful works of reference on the Great War ever published In this marvellous volume is listed every cavalry and Yeomanry regiment every battalion of every infantry regiment Regular Territorial or other that existed during the Great War In every case the location of the unit on 4 August 1914 is given or the date and place of its formation if raised after the outbreak of war Its initial disposition subsequent moves changes in

subordination and final disposal or location on 11 November 1918 are all recorded Thus in a masterly and concise form we have the war service record of 31 regular and 17 reserve cavalry regiments 57 Yeomanry regiments and their second and third line counterparts and nearly 1 750 infantry battalions Several appendices contain a mine of information a table of the infantry regiments showing the number of the different types of battalions each had regular reserve extra reserve territorial New Army garrison etc how the New Army battalions were raised the Training Reserve list of infantry divisions summary of battle honours casualties and VCs of each infantry regiment Finally there is a good index
