Medieval Romance and Material Culture Nicholas Perkins, 2015 Studies of how the physical manifests itself in medieval romance and medieval romances as objects themselves. Medieval romance narratives glitter with the material objects that were valued and exchanged in late medieval society: lovers' rings and warriors' swords, holy relics and desirable or corrupted bodies. Romance however is also a genre in which such objects make meaning on numerous levels and not always in predictable ways. These new essays examine from diverse perspectives how romances respond to material culture but also show how romance as a genre helps to constitute and transmit that culture. Focusing on romances circulating in Britain and Ireland between the twelfth and sixteenth centuries individual chapters address such questions as the relationship between objects and protagonists in romance narrative the materiality of male and female bodies the interaction

between visual and verbal representations of romance poetic form and manuscript textuality and how a nineteenth century edition of medieval romances provoked artists to homage and satire

A musical sensation A bold jewel thief A sneaking suspicion that it's happened before A rash of brazen jewel thefts across London society just like one that happened decades ago has Annabel and the Lady Patronesses of Almack's on their guard In the meanwhile Annabel's cousin Hartley Viscount Mompesson has fallen hard for Demetria Pouli a bewitching Greek soprano with the voice of an angel who is taking London by storm Hartley begs Annabel to help convince his overbearing mother that Demetria is the only wife for him but Demetria's aunts don't approve of the match either When the Ladies realize that the thefts coincide with Demetria's recitals they understand why they seem so familiar But a happily ever after for Hartley and Demetria isn't necessarily out of the question thanks to the Ladies and much to Annabel's indignation a little help from the Marquis of Quinceton
