North American Odyssey Craig E. Colten, Geoffrey L. Buckley, 2014-03-27 This groundbreaking volume offers a fresh approach to conceptualizing the historical geography of North America by taking a thematic rather than a traditional regional perspective. Leading geographers building on current scholarship in the field explore five central themes. Part I explores the settling and resettling of the continent through the experiences of Native Americans, early European arrivals, and Africans. Part II examines nineteenth century European immigrants, the reconfiguration of Native society, and the internal migration of African Americans. Part III considers human transformations of the natural landscape in carving out a transportation network, replumbing waterways, extracting timber and minerals, preserving wilderness, and protecting wildlife. Part IV focuses on human landscapes, blending discussions of the visible imprint of society and distinctive approaches to interpreting these features. The authors discuss survey systems, regional landscapes, and tourist and mythic landscapes, as well as the role of race, gender, and photographic representation in shaping our understanding of past landscapes. Part V follows the urban impulse in an analysis of the development of the mercantile city, nineteenth and twentieth century planning, and environmental justice. With its focus on human-environment interactions, the mobility of people, and growing urbanization, this thoughtful text will give students a uniquely geographical way to understand North American history. Seamus Heaney's American Odyssey Edward J. O'Shea, 2022-12-30 Seamus Heaney's American Odyssey describes with a new archive of correspondence, interviews, and working drafts the some 40 years that Seamus Heaney spent in the United States as a teacher, lecturer, friend, and colleague, and as an active poet on the reading circuit. It is anchored by Heaney's appointments at Berkeley and Harvard, but it also follows Heaney's readings on the road at three important points in his career. It argues that Heaney was initially receptive to American poetry and culture while his career was still plastic, but as he developed more assurance and fame, he became much more critical of America as a superpower, especially in the military reaction to 9/11. This study emphasizes the heard Heaney as much as the writerly Heaney by listening in on key poetry readings at different times and to recorded but unpublished lectures on American and British poets at Harvard. It includes accounts by his creative writing students, aspiring poets who testify to his mentoring, as well as modeling for them how one can be a poet in the world as he was most strikingly.

and covers all of the major events and adventures that he experienced along the way It follows the author through the most dynamic and memorable time period in his life Starting with the trips original genesis into its preparation period and finally through the five and a half months of constant determination and courage required for its execution At various points along the way my trip became a journey and then finally My Voyage of Self Discovery This book also chronicles the authors passage from a conventionally oriented way of life into one of passion action adventure and risk taking Canada, the Congo Crisis, and UN Peacekeeping, 1960-64 Kevin A. Spooner,2010-01-01 In 1960 the Republic of Congo teetered near collapse as its first government struggled to cope with civil unrest and mutinous armed forces When the UN established what would become the largest peacekeeping operation of the Cold War the Canadian government faced a difficult decision Should it support the intervention As Kevin Spooner demonstrates Canada s involvement in the mission was not preordained The Diefenbaker government became enmeshed in a complex web of foreign and defence policy determinants that caused it to have immediate and ongoing reservations reservations that challenge cherished notions of Canada s commitment to the UN and its status as a peacekeeper This book offers one of the first detailed accounts of Canada s involvement in UN peacekeeping It will appeal to those interested in Canadian foreign policy and relations with Africa in particular and the Congo crisis and United Nations peacekeeping more generally The American Bookseller ,1890 **American Notes and Queries** ,1892 **Programme of the Sauveur College of Languages** Amherst College,1899 **The Publishers' Trade List Annual** ,1877
