Small Eternities:

Small Eternities 2 Michael Lawrence, 2004 Naia and Alaric's lives have changed immeasurably Alaric has grown in confidence and ability while Naia without her mother struggles with melancholy When Withern Rise is flooded Alaric and Naia find themselves adrift in the same garden as Aldous Underwood and they cause a terrible event to take place

Eternity Haruchi, 2026-01-06 Eternity is a quiet story about time love and the small moments that refuse to disappear It follows a life that keeps moving forward while the heart keeps looking back Some memories fade slowly some stay sharp and heavy even after years This book is not loud or dramatic it is more like a late night thought that suddenly feels too real It talks about connection loss hope and the strange comfort of knowing that some feelings never really end If you like calm emotional stories that feel personal and a little unfinished like real life this book might stay with you longer than you expect

In the Cross of Reality Eugen Rosenstock-Huessy, 2017-09-08 This book makes the first volume of Eugen Rosenstock Huessy's Soziologie available in English for the first time since its 1956 publication in German Rosenstock Huessy argues that social philosophy has favored abstract and spatially contrived categories of social organization over temporal processes This preference for space thinking has diverted us from recognizing the power of speech and its relationship to living on the front lines of life Taking speech and the social responsibilities and reciprocities that accompany naming as the key to social reality In the Cross of Reality provides a sociological exploration of play spaces as the basis for reflexivity It also explores the spaces of activity and their correlation in war and peace to the spheres of serious life If we are to survive and flourish different qualities and reciprocal relationships must be cultivated so that we can deal with different fronts of life Arguing that modern intellectuals and their obsession with space have created a dangerously false choice between mechanical and aesthetic salvation Rosenstock Huessy clears a path so that we better appreciate our relationship between past and future in founding and in partitioning time

Bridges to Understanding Linda M. Pavonetti, 2011-08-18 This is the fourth volume sponsored by the United States Board on Books for Young People following Children's Books from Other Countries 1998 The World Through Children's Books 2002 and Crossing Boundaries 2006 This latest volume edited by Linda M Pavonetti includes books published between 2005 and 2009 This annotated bibliography organized geographically by world region and country with descriptions of nearly 700 books representing more than 70 countries is a valuable resource for librarians teachers and anyone else seeking to promote international understanding through children's literature Like its predecessors it will be an important tool for providing stories that will help children understand our differences while simultaneously demonstrating our common humanity

The Concept of Eternity in Kierkegaard's Philosophical Anthropology Christi Williams, 2024-11-25 This new book provides an in depth commentary on Kierkegaard's Concept of Anxiety often considered Kierkegaard's most difficult work and one that has few secondary resources published on it It provides a critical analysis of the meaning of eternity as it relates to the human being in The Concept of Anxiety First the eternal signifies the divine image

implanted in human beings from the beginning of creation making us spiritual embodied beings with the capacity for self consciousness a God relationship freedom everlasting life and communal fellowship with other persons Second the eternal is present both ontologically and normatively in human beings providing an unchanging criterion and telos of human existence a task we are responsible to fulfill Third eternity signifies perfection it is the ideal for which we were created By failing to fulfill this task we can be said to lose the eternal through sin and gain it again through redemption As sinners who are guilty of refusing to fulfill this task eternity s criterion can only be fulfilled through faith in Christ s atonement This decision in time paradoxically has eternal consequences and in this sense the eternal signifies transcendence beyond our spatiotemporal world However the believer s eternal decision in time not only determines whether life after death entails eternal happiness instead of eternal damnation it also has redemptive consequences that begin in temporality bringing a spiritual continuity and sanctified vision of oneself others and the temporal world here and now The majority of studies on The Concept of Anxiety have focused on the relationship between the self and time this book explores the relation between the self and eternity

By Accident Susan Kelly,2011-09-01 A grieving mother finds solace from her son s death in a relationship that quickly blurs the line between friendship and intimacy By Accident portrays a year in the life of a woman after the accidental death of her teenage son Laura Lucas is numbed by the loss a loss that is paralleled in the spate of upscale construction and attendant destruction in her starter home neighborhood It s about Laura s relationship with a young tree surgeon who slowly becomes a replacement for her son but also an object of desire The story reveals the delicate nexus where solace becomes sex the role of men and women as unmarried friends and examines grief in a marriage It portrays the pain of change and the poignancy of acceptance through Laura s eyes and occasionally through the quirky outlook of her ten year old daughter And before the story ends another brutal random accident will redefine Laura s life once again
