## Girl In A Mask:

*Girl in a Mask* Mary RAYMOND (pseud.),1965     *A History of Japanese Literature, Volume 3* Jin'ichi Konishi,2014-07-14

In this third of five volumes tracing the history of Japanese literature through Mishima Yukio Jin ichi Konishi portrays the high medieval period. Here he continues to examine the influence of Chinese literature on Japanese writers addressing in particular reactions to Sung ideas Zen Buddhism and the ideal of literary vocation *michi*. This volume focuses on three areas in which Konishi has long made distinctive contributions: court poetry *waka* featuring twelfth and thirteenth century works especially those of Fujiwara Teika 1162-1241; standard linked poetry *renga* from its inception to its full harvest in the work of Sogi 1421-1502; and the theatrical form *noh* including the work of Zeami ca 1365-1443 and Komparu Zenchiku 1405. The author also considers prose narrative and popular song. Originally published in 1991, The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Contained Empowerment and the Liminal Nature of Feminisms and Activisms** Victoria A. Newsom, 2022-12-19 *Contained Empowerment and the Liminal Nature of Feminisms and Activisms* examines the processes by which activist successes are limited and outlines a theoretical framing of the liminal and temporal limits to social justice efforts as contained empowerment. With a focused lens on the third wave and contemporary forms of feminism the author investigates feminist activity from the early 1990s through responses and reactions to the overturning of *Roe v Wade* in 2022 and contrasts these efforts with anti-feminist white supremacists and other structural normalizing efforts designed to limit and repress women's gendered and reproductive rights. This book includes analyses of celebrity activism, girl power, transnational feminist NGOs, digital feminisms, and the feminist mimicry applied by practitioners of neo-liberal and anti-feminism. Victoria A. Newsom concludes that the contained nature of feminist empowerment illustrates how activists must engage directly with intersectional challenges and address the multiplicities of structural oppressions in order to breach containment.
