Neff,2005 In his estimation Northerners were just as active as Southerners in myth making after the war Crafting a Cause  
Victorious myth that was every bit as resonant and powerful as the much better known Lost Cause myth cherished by  
Southerners the North asserted through commemorations the existence of a loyal and reunified nation long before it was  
actually a fact Neff reveals that as Northerners and Southerners honored their separate dead they did so in ways that  
underscore the limits of reconciliation between Union and Confederate veterans whose mutual animosities lingered for many  
decades after the need of the war Ultimately Neff argues that the process of reunion and reconciliation that has been so  
much the focus of recent literature either neglects or dismisses the persistent reluctance of both Northerners and  
Southerners to forgive and forget especially where their dead were concerned      **Smithsonian studies in history and**
