Sleep Of Reason:

The Sleep of Reason Martha C. Nussbaum,Juha Sihvola,2013-08-02 Sex is beyond reason and yet we constantly reason about it So too did the peoples of ancient Greece and Rome But until recently there has been little discussion of their views on erotic experience and sexual ethics The Sleep of Reason brings together an international group of philosophers philologists literary critics and historians to consider two questions normally kept separate how is erotic experience understood in classical texts of various kinds and what ethical judgments and philosophical arguments are made about sex From same sex desire to conjugal love and from Plato and Aristotle to the Roman Stoic Musonius Rufus the contributors demonstrate the complexity and diversity of classical sexuality They also show that the ethics of eros in both Greece and Rome shared a number of commonalities a focus not only on self mastery but also on reciprocity a concern among men not just for penetration and display of their power but also for being gentle and kind and for being loved for themselves and that women and even younger men felt not only gratitude and acceptance but also joy and sexual desire Contributors Eva Cantarella Kenneth Dover Chris Faraone Simon Goldhill Stephen Halliwell David M Halperin J Samuel Houser Maarit Kaimio David Konstan David Leitao Martha C Nussbaum A W Price Juha Sihvola **The Sleep Of Reason** C.P.
