**"Slick Willie"** Floyd G. Brown, 1993 Rare Book copy Cased with other items from the same collection      **Right-Wing Populism in America** Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America      **Bill Clinton** Nigel Hamilton, 2012-05-31 Nigel Hamilton s account of Bill Clinton s early life and career Bill Clinton An American Journey drew widespread praise Now in Bill Clinton Mastering the Presidency Nigel Hamilton charts the experience of the 42nd President as he took presidential oath of office and how he fared thereafter in the piranha pool of Washington D C Hamilton charts what was possibly the greatest disaster and reinvention of a president in office in modern times How Bill Clinton faced up to his failures and refashioned himself in the White House is an epic story With a thriving U S economy and hard won wisdom in international affairs and in combating the rise of terrorism Clinton would begin his second term as the undisputed immensely popular leader of the Western world aware however that terrorism and treason within America loomed as large as dangers abroad Insightful balanced prodigiously researched and a joy to read Bill Clinton Mastering the Presidency is set to become alongside its prequel the classic story of Clinton s extraordinary effort to be a modern president in a modern world and a chronicle one of the most extraordinary reversals of fortune in modern American politics      **Bill Clinton** David H. Bennett, 2014-01-10 In 1993 William J Clinton began his eight year stint as forty second president of the United States A key figure of change in the Democratic Party Clinton s political and personal actions ensured his lasting status as an important if controversial leader at a critical moment in recent American history In Bill Clinton Building a Bridge to the New Millennium David H Bennett traces Clinton s life and career from childhood through his two terms in the White House From childhood to college state government to the executive branch Bennett provides a concise and readable biography that places Clinton s achievements problems and legacy in historical context Situating the

former president in the trajectory of 20th century liberalism Bennett draws on Clinton's life to illuminate the political landscape of America in the 1990s and the role of the U S in the global context of the post Cold War world Combining keen scholarship with accessible prose this will be an essential resource for students and all those interested in understanding the recent history of the U S

**"Slick Willie" II** Deborah J. Stone,1994

**Warmonger** Jeremy Kuzmarov,2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton's administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent

**Bill Clinton: Great expectations** Nigel Hamilton, 2003 Bill Clinton forty second president of the United States is the quintessential baby boomer on the one hand blessed with a near genius IQ on the other beset by character flaws that made his presidency a veritable soap opera of high ideals distressing incompetence model financial stewardship and domestic misbehavior In an era of cultural civil war the Clinton administration fed the public an almost daily diet of scandal and misfortune Who is Bill Clinton though and how did this baby boom saga begin Clinton s upbringing in Arkansas and his student years at Georgetown Oxford and Yale universities help us to see his life not only as a personal story but as the story of modern America Behind the closed doors of the house on the hill above Park Avenue in Hot Springs the struggle between Clinton s stepfather and mother became ultimately unbearable causing Virginia to move out and divorce Roger Clinton Dreading confrontation Bill Clinton excelled in almost every field save athletics But the fabled success of the scholarship boy would be marred by the decisions he came to make regarding Vietnam and military service choices that haunt him to this day We watch with a mixture of alarm fascination and awe as Bill Clinton does so much that is right and so much that is wrong He sets his cap for the star student at Yale young Hillary Rodham seducing her with his dreams of a better America and an aw shucks grin Wherever he goes he charms and disarms young and old men and women and more women He becomes a law professor straight out of college he contests a congressional election in his twenties and almost wins it He becomes attorney general of his state and within two years is set to become the youngest ever governor of Arkansas at only thirty two Yet always there is a curse a drive toward personal self destruction and with that the destruction of all those who are helping him on his legendary path His affair with Gennifer Flowers strains his marriage and later nearly scuttles his bid for the presidency He is thrown out of the governor s office after only one term and suffers a life shaking crisis of confidence Though with the stalwart help of a female chief of staff he regains his crown it is clear that Bill Clinton s charismatic career is a ceaseless tightrope walk above the forces that threaten to pull him down the most potent of them

residing in his own being Imbued with sympathy deep intelligence and the storyteller s art this extraordinary biography helps us at last to understand the real Bill Clinton as he stumbles and withdraws from the 1988 presidential nomination race but enters it four years later to make one of the most astonishing bids for the presidency in the twentieth century the climax of this gripping political social and scandalous journey     The Complete Idiot's Guide to Impeachment of the President Steven D.
