The Invasion From Mars:

The Invasion From Mars , On Halloween night 1938 Orson Welles broadcast a radio adaptation of the H G Wells fantasy The War of the Worlds What listeners heard sounded so realistic that at least a million were frightened by word that strange creatures from Mars had landed in central New Jersey and were unleashing a deadly assault Several thousand were so terrified they ran into the streets drove away in their cars or called the police for information about how to escape Why did so many panic when the circumstances reported were so improbable That is just the question Hadley Cantril then a young social psychologist set out to answer Originally published in 1940 The Invasion from Mars remains a classic The broadcast provided a unique real life opportunity to explore why the relatively new medium of radio could have such an effect Using a mix of research methods Cantril shows that the impact of the broadcast had less to do with what went out over the air than with the standards of judgment people did or did not use in evaluating what they were hearing This book is of continuing value to those interested in communications and mass behavior One of the most fascinating illuminating and provocative social documents that have been brought to public attention for some time New York Times Book Review April 28 1940 The dramatic account brings into sharp focus those factors in the situation and from the individuals conducive to critical appraisal or contagious panic behavior Muzafer Sherif 1966 Hadley Cantril 1906 1969 was chairman of the Institute for International Social Research Earlier he founded the Office of Public Opinion Research and was Stuart Professor of Psychology at Princeton University He was author of nineteen books and monitored public opinion for the executive branch during World War II Albert H Cantril son of Hadley Cantril is an independent public opinion analyst Among his books are Reading Mixed Signals Ambivalence in American Public Opinion about Government with Susan Davis Cantril He also worked on the White House staff during the Johnson administration and later served in the Bureaus of East Asian and Pacific Affairs and Public Affairs of the Department of State **The Invasion from Mars** Hadley Cantril,1966 From the Publisher On Halloween night 1938 Orson Welles broadcast a radio adaptation of the H G Wells fantasy The War of the Worlds What listeners heard sounded so realistic that at least a million were frightened by word that strange creatures from Mars had landed in central New Jersey and were unleashing a deadly assault Several thousand were so terrified they ran into the streets drove away in their cars or called the police for information about how to escape Why did so many panic when the circumstances reported were so improbable That is just the question Hadley Cantril then a young social psychologist set out to answer Originally published in 1940 The Invasion from Mars remains a classic The broadcast provided a unique real life opportunity to explore why the relatively new medium of radio could have such an effect Using a mix of research methods Cantril shows that the impact of the broadcast had less to do with what went out over the air than with the standards of judgment people did or did not use in evaluating what they were hearing This book is of continuing value to those interested in communications and mass behavior *The Invasion from Mars* Hadley Cantril,1999-01 On Halloween night 1938 Orson

War and Religion Jeffrey M. Shaw Ph.D.,Timothy J.

Demy,2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers

War Impulse Pattern Wayne A. Moody,2019-11-04 Astrology provides intelligence to forecast and plan our actions in all manner of day to day concerns and I believe that major collective concerns like seasons in the economy and war benefit from the same treatment I am an astrologer who has practiced Mundane astrology the astrology of countries and their leaders for three decades This book has deep roots Purposeful action towards a book began with an interview published February March 2014 in the Dartmouth Alumni Magazine During that interview I pointed to specific Earth geography 35 North latitude 50 East longitude where the U S would face major concerns up through 2022 when events peak for U S foreign interests A look at a map of these map coordinates and knowledge of the recent history of American focus on the region since my Dartmouth interview speaks volumes My project introduces an astrologically derived pattern which I discovered and named a War

Impulse Pattern WIP in 2014 This International WIP pattern has eighteen astrologically determined branches some major others minor I unpack the logic of my WIP branches and lay them out in map form Within designated zones of the branches of the WIP I make the case that all the major U S military conflicts from 1776 to 2018 have been fought on geography marked by the WIP Furthermore in addition to accurately forecasting where events will occur the three planets making up the WIP serve as timekeepers for when U S military forces will deploy I have applied my innovations with Astro Carto Graphy a lens of relocation astrology to banks hurricanes man made disasters national security and war My research journey over the past 4 years has lead me from one surprise to another For example I have discovered that the entire U S Global Positioning Satellite GPS structure a critical component of modern U S warfare was set up within the WIP branches some mere specks of land in the middle of vast oceans This first of three books prepares the WIP Book Two now in the final stages gives chronological compelling examples of U S wars from 1776 to 2018 noting that the battlefields aligned to the WIP and were susceptible to astrological timing My vision for Book Three is an over sized book of annotated and creatively presented maps supporting creative thinking and exercising the reader s spatial intelligence I offer this War Impulse Pattern WIP Primer to Not on the Map book for those seeking a more sophisticated understanding of America at war I offer practical but strategic intelligence not on the map of orthodox views of reality How and why the WIP works is demonstrated Most of the facts of the WIP are grounded in mainstream understanding While I have taken years to prepare these books the need for the WIP intelligence is urgent A look at what s been happening all along 35 North a belt wrapped around the Earth sweeping today s conflict zones in Syria Iraq Iran particularly Tehran near 50 East Kurdistan Afghanistan Pakistan China Korea and Japan reveal that my WIP lens has been brought to a sharp focus to mastery
