The Jewish World:

The Jewish World Elie Kedourie, 1986 Leading authorities survey Jewish history from its beginnings down to the 20th century the earliest days before the Exile the Jewish polity in its encounters with the Great Powers of the ancient world Jewish life after the destruction of the Jewish state under Christianity and Islam the impact of the Enlightenment on Jewish thought and traditions the Jewish experience in 19th and 20th century Europe the rise and development of American Jewry the appearance of Zionism and its culmination in the foundation of Israel That is the outer history But there is another inner history without which the first is meaningless Equal space in this volume is therefore devoted to the Bible the Talmud to Jewish philosophy and mysticism to imaginative literature both poetry and fiction in Hebrew and to the challenge of modernity and the way in which Judaism as a system of thought and belief has tried to cope with it Jacket

The Jewish World Around the New Testament Richard Bauckham, 2008 This is a collection of twenty four essays by Richard Bauckham first published between 1976 and 2008 some of which have been updated for this volume Many aspects of the literature and thought of early Judaism are covered including life after death the provenance of the Pseudepigrapha the Jewish apocalypses the book of Tobit the Horarium of Adam and the *Contra Apionem* of Josephus There are discussions of the parting of the ways between early Judaism and early Christianity and of the relevance of early Jewish literature for the study of the New Testament Other essays throw light on specific aspects or texts of early Christianity by relating them to their early Jewish context These include studies of the delay of the parousia the restoration of Israel in Luke Acts and the use of Latin names by Paul and other Jews in the early Christian movement The essays in this volume result from the author s conviction throughout his career that the New Testament texts can only be understood adequately through

Zweig,2014-02-25 German Reparations and the Jewish World has become a standard reference work since it was first published Based extensively on archival sources the author examines the difficult debate within the Jewish world whether it was possible to reach a material settlement with Germany so soon after Auschwitz Concentrating on how the money was spent in rebuilding Jewish life he also analyzes how the reparations payments transformed the relations between Israel and the diaspora and between different Jewish political and ideological groups This revised and expanded edition includes material on sensitive relief programmes from archives that have only recently been opened to researchers In a new extensive introductory essay the author reexamines the reparations restitution and indemnification processes from the perspective of 50 years later

The Jewish Year Book ,1899 **1929** Hasia R. Diner,Gennady Estraikh,2013-08-12 The year 1929 represents a major turning point in interwar Jewish society proving to be a year when Jews regardless of where they lived saw themselves affected by developments that took place around the world as the crises endured by other Jews became part of the transnational Jewish consciousness In the United States the stock market crash brought lasting economic social and ideological changes to the Jewish community and limited its ability to support humanitarian and nationalist projects in other countries In Palestine the anti Jewish riots in Hebron and other towns underscored the vulnerability of the Zionist enterprise and ignited heated discussions among various Jewish political groups about the wisdom of establishing a Jewish state on its historical site At the same time in the Soviet Union the consolidation of power in the hands of Stalin created a much more dogmatic climate in the international Communist movement including its

Jewish branches. Featuring a sparkling array of scholars of Jewish history 1929 surveys the Jewish world in one year offering clear examples of the transnational connections which linked Jews to each other from politics diplomacy and philanthropy to literature culture and the fate of Yiddish regardless of where they lived. Taken together the essays in 1929 argue that whether American Soviet German Polish or Palestinian Jews throughout the world lived in a global context. Hasia Diner is Paul S and Sylvia Steinberg Professor of American Jewish History Skirball Department of Hebrew and Judaic Studies at New York University. She is the author of the award winning *We Remember with Reverence and Love American Jews and the Myth of Silence after the Holocaust 1945-1962* NYU Press 2009.
