The Joke War Gene Inyart Namovicz, 1987-01-01 Tired of being a victim of his eleven year old cousin's practical jokes Charlie begins a joke war with him for the summer "*ADaddy's Gone to War*" William M. Tuttle Jr., 1993-09-16 Looking out a second story window of her family's quarters at the Pearl Harbor naval base on December 7 1941 eleven year old Jackie Smith could see not only the Rising Sun insignias on the wings of attacking Japanese bombers but the faces of the pilots inside Most American children on the home front during the Second World War saw the enemy only in newsreels and the pages of Life Magazine but from Pearl Harbor on the war with its blackouts air raids and government rationing became a dramatic presence in all of their lives Thirty million Americans relocated 3 700 000 homemakers entered the labor force sparking a national debate over working mothers and latchkey children and millions of enlisted fathers and older brothers suddenly disappeared overseas or to far off army bases By the end of the war 180 000 American children had lost their fathers In *Daddy's Gone to War* William M Tuttle Jr offers a fascinating and often poignant exploration of wartime America and one of generation's odyssey from childhood to middle age The voices of the home front children are vividly present in excerpts from the 2 500 letters Tuttle solicited from men and women across the country who are now in their fifties and sixties From scrap collection drives and Saturday matinees to the atomic bomb and V J Day here is the Second World War through the eyes of America's children Women relive the frustration of always having to play nurses in neighborhood war games and men remember being both afraid and eager to grow up and go to war themselves Not all were willing to wait Tuttle tells of one twelve year old boy who strode into an Arizona recruiting office and declared I don't need my mother's consent I'm a midget Former home front children recall as though it were yesterday the pain of saying good bye perhaps forever to an enlisting father posted overseas and the sometimes equally unsettling experience of a long absent father's return A pioneering effort to reinvent the way we look at history and childhood *Daddy's Gone to War* views the experiences of ordinary children through the lens of developmental psychology Tuttle argues that the Second World War left an indelible imprint on the dreams and nightmares of an American generation not only in childhood but in adulthood as well Drawing on his wide ranging research he makes the case that America's wartime belief in democracy and its rightful leadership of the Free World as well as its assumptions about marriage and the family and the need to get ahead remained largely unchallenged until the tumultuous years of the Kennedy assassination Vietnam and Watergate As the hopes and expectations of the home front children changed so did their country's In telling the story of a generation Tuttle provides a vital missing piece of American cultural history

Rebellious Laughter Joseph Boskin, 1997-11-01 *Rebellious Laughter* changes the way we think about the ordinary joke Claiming that humor in America is a primary cultural weapon Boskin surveys the multitude of joke cycles that have swept the country during the last fifty years Dumb Blonde jokes Elephant jokes

Jewish American Princess jokes Lightbulb jokes Readers will enjoy humor from many diverse sources whites blacks women and Hispanics conservatives and liberals public workers and university students the powerless and power brokers Boskin argues that jokes provide a cultural barometer of concerns and anxieties frequently appearing in our day to day language long before these issues become grist for stand up comics

Cracking Up Paul Lewis, 2006-10-02 What do Jon Stewart Freddy Krueger Patch Adams and George W Bush have in common As Paul Lewis shows in Cracking Up they are all among the ranks of joke tellers who aim to do much more than simply amuse Exploring topics that range from the sadistic mockery of Abu Ghraib prison guards to New Age platitudes about the healing power of laughter from jokes used to ridicule the possibility of global climate change to the heartwarming performances of hospital clowns Lewis demonstrates that over the past thirty years American humor has become increasingly purposeful and embattled Navigating this contentious world of controversial manipulative and disturbing laughter Cracking Up argues that the good news about American humor in our time that it is delightful relaxing and distracting is also the bad news In a culture that both enjoys and quarrels about jokes humor expresses our most nurturing and hurtful impulses informs and misinforms us and exposes as well as covers up the shortcomings of our leaders Wondering what s so funny about a culture determined to laugh at problems it prefers not to face Lewis reveals connections between such seemingly unrelated jokers as Norman Cousins Hannibal Lecter Rush Limbaugh Garry Trudeau Jay Leno Ronald Reagan Beavis and Butt Head and Bill Clinton The result is a surprising alarming and at times hilarious argument that will appeal to anyone interested in the ways humor is changing our cultural and political landscapes
