**The Judgement of Nuremberg, 1946** Stationery Office (Great Britain), Tim Coates, 1999 WWII is over there is a climate of jubilation and optimism as the Allies look to rebuilding Europe for the future but the perpetrators of Nazi War Crimes have yet to be reckoned with and the full extent of their atrocities is as yet widely unknown Today we have lived with the full knowledge of the extent of Nazi atrocities for over half a century and yet they still retain their power to shock Imagine what it was like as they were being revealed in the full extent of their horror for the first time In this book the Judges at the Nuremberg Trials take it in turn to describe the indictments handed down to the defendants and their crimes The entire history purpose and method of the Nazi party since its foundation in 1918 is revealed and described in chilling detail

**How America Gets Away With Murder** Michael Mandel, 2004-07-20 They call it collateral damage but legally and morally it is really mass murder In Kosovo America claimed its war was a humanitarian intervention in Afghanistan self defense and in Iraq it claimed the authority of the Security Council of the United Nations Yet each of these wars was illegal according to established rules of international law According to these rules illegal wars fall within the category of supreme international crimes So how come the war crimes tribunals never manage to turn their sights on America and always wind up putting America's enemies the usual suspects on trial This new book by renowned scholar Michael Mandel offers a critical account of America's illegal wars and a war crimes system that has granted America's leaders an unjust and dangerous impunity effectively encouraging their illegal wars and the war crimes that always flow from them

**The Laws of Genocide** Thomas W. Simon, 2007-06-30 How should we confront hate As political activists we could resort to fighting hate with hate As concerned citizens we could consciously ignore or actively protest hate As committed educators we could put the implements and survivors of hate on display As committed scholars we could resuscitate the idea of evil As humanitarian jurists we could put individual hate mongers on trial Part I of this book makes a case for making the maximum use of reason to deal with hate This means that we should actively debate those who promote hate Further as a close look at the history of applying law to incidents of hate and violence illustrates the courtroom proves to be an excellent place to

demonstrate the virtues of applying the tools of reason not to global evils but to the grave injustices of the world In Part II Simon demonstrates the power of legal analysis in enhancing our understanding of genocide probably the worst injustice imaginable A close examination of each purported element of the crime of genocide redirects misguided turns taken by international jurists Jacket     **The International Law of Recognition** Ti-chiang Chen,1951     *Perpetrating the Holocaust* Paul R.
