**The Juggling Mother** Amanda D. Watson,2020-09-15 Who is the juggling mother the woman who quietly flicks dried cereal off her blazer while running a corporate empire The Juggling Mother explores this figure of contemporary mothering in media representations a typically white middle class woman on the verge of coming undone because of her unwieldy slate of labours Mothers who frantically juggle paid and unpaid work demands do not threaten the way labour is organized In fact as Amanda Watson demonstrates they are model neoliberal workers who uphold white privilege along with ableist notions of mastery capacity and productivity because of a desire for political visibility and social inclusion The Juggling Mother makes the controversial case that unfair labour distributions are publicly celebrated intentionally performed and intimately felt Mothers with the most power are thus complicit in the exclusion of less privileged ones and in their own undoing
