## **The Jungle Illu:**

[The Jungle Book](#) Rudyard Kipling,2010 Some of the world s best stories retold in dynamic graphic format Well known villians and heroes take on a new shape while staying true to their original authors [Illuminati Secret Knowledge: Future Beyond Your Wildest Dreams](#) Igor Kryan,2019-04-16 Time travel to years 2035 2041 and 6938 See the future world though the eyes of heroes and villains However don t consider this book to be a pure science fiction and entertainment This book is built on Illuminati Secret Knowledge and secret CIA reports of world events of 2035 and 2041 that no one except two Presidents and a few generals ever saw Also the book is based on the serious scientific theories such as retro causality when future is affecting the past as well as the accounts of people who claim that they saw the future from Nostradamus and Baba Vanga to the accounts of so called modern time travelers We researched dozens of them and found a couple of them to be credible because they are keep repeating the same things some from the distant past while others are from the far future so don t be surprised if you live though World War Three the Great American Earthquake and Earth s orbit change till 2041 to see how accurately this book predicted other future events that seems insane today

## **Illustration Research Methods**

Rachel Gannon,Mireille Fauchon,2020-12-20 Shortlisted for the 2021 British Book Design and Production Awards for the Best Jacket Cover Design For years illustration has lacked a strong critical history in which to frame it with academics and media alike assessing it as part of design rather than a discipline in its own right Illustration Research Methods addresses this void and adds to a fast emerging discipline establishing a lexicon that is specific to discussing contemporary illustration practice and research The chapters are broken down into the various roles that exist within the industry and which illustration research can draw from such as Reporting and Education In doing so users are able to explore a diverse range of disciplines that are rich in critical theory and can map these existing research methodologies to their own study and practice Supported by a wealth of case studies from international educators student projects sit alongside those of world renowned illustrators Thus allowing users the opportunity to put what they have learnt into context and offering insight into the thinking and techniques behind some of illustrations greats
