David, Rusu, Laura Irina, 2009-12-31 This book presents and disseminates new concepts and developments in the areas of data warehousing and data mining in particular on the research trends shaped during the last few years Provided by publisher [Representations of Anne Frank in American Literature](#) Rachael McLennan, 2016-08-05 This book explores

portrayals of Anne Frank in American literature where she is often invoked if problematically as a means of encouraging readers to think widely about persecution genocide and victimisation often in relation to gender ethnicity and race It shows

how literary representations of Anne Frank in America over the past 50 years reflect the continued dominance of the American dramatic adaptations of Frank's Diary in the 1950s and argues that authors feel compelled to engage with the problematic elements of these adaptations and their iconic power. At the same time though literary representations of Frank are associated with the adaptations critics often assume that these texts unquestioningly perpetuate the problems with the adaptations. This is not true. This book examines how American authors represent Frank in order to negotiate difficult questions relating to representation of the Holocaust in America and in order to consider gender coming of age and forms of inequality in American culture in various historical moments and of course to consider the ways Frank herself is represented in America. This book argues that the most compelling representations of Frank in American literature are alert to their own limitations and may caution against making Frank a universal symbol of goodness or setting up too easy identifications with her. It will be of great interest to researchers and students of Frank the Holocaust in American fiction and culture gender studies life writing young adult fiction and ethics.

*The Electrical Review*, 1886      **The Telegraphic Journal and Electrical Review**, 1886      *Telegraphic Journal and Monthly Illustrated Review of Electrical Science*, 1886      **Antonin Scalia's Jurisprudence** Ralph A. Rossum, 2006 This book is the first comprehensive reasoned and sympathetic analysis of how Scalia has decided cases during his entire nineteen year Supreme Court tenure. Ralph Rossum focuses on Scalia's more than 600 Supreme Court opinions and dissents carefully wrought passionately argued and filled with well turned phrases which portray him as an eloquent defender of an original meaning jurisprudence. He also includes analyses of Scalia's Court of Appeals opinions for the D.C. Circuit his major law review articles as a law professor and judge and his provocative book *A Matter of Interpretation*.
