Sky Wards:

Wards in the Sky Mary Mackie,2014-09-01 This is the eventful story of the nurses who since 1918 have worn the grey blue uniform of the RAF from the Great War to D Day through the Falklands in Bosnia and on to Afghanistan These brave professionals dealt with snakes malaria desert dust and Arctic ice Their main field of expertise is their skill for in flight nursing caring for very sick patients while flying back to hospitals in the UK Over time the caring white veiled angels of fond memory have transformed into multi skilled technicians female and male whose work has helped to advance medical knowledge and practice for all of humankind Wards in the Sky traces their history and brings to life the drama romance hardship and often the hilarity as told in the words of the nurses themselves *Sky Wars* David Gates,2004-04-04 In *Sky Wars* David Gates examines the history of military aerospace power discussing technical developments between both World Wars and the use of air power in specific wars in the latter part of the 20th century including the recent conflict with Iraq

Macmillan's Magazine ,1886 **Women at Work in World Wars I and II** Paul Chrystal,2024-04-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us **Works** Rhoda Broughton,1895 *Belgravia* ,1875 *Roslyn hall*
