Slanguage Mike Ellis, 2000-08-16 A worldwide guide to slang from America's favorite slangologist and creator of one of the Internet's most popular websites voted by Wired as one of the top five fun sites of 1998 Ask for a pop in Manhattan and you'll probably be punched in the face The same request for a soda in Chicago however will get you Coketm And if you're going to the gym in New York take your sneakers but in Pittsburgh grab your tennis shoes Every day new words are born that reflect who we are and where we live Now slang expert Mike Ellis has compiled an authoritative yet highly amusing treasury of slang that has infiltrated every walk of life Already widely known for his articles in the national press The New York Times Washington Post and Wired magazine as well as for his hugely popular website Ellis has a gift for zooming in on the often humorous ironic and colorful way that we put our spin on the native tongue As funny as it is linguistically precise Slanguage is an up to the minute guide to the changing face of language In Slanguage Mike Ellis explores Slang of the past remember Sock it to me Silicon Valley Slang do you have a programmer's butt Slang for the foreign traveler **Musa Pedestris** John Stephen Farmer, 1896 Tautological Compounds in contemporary "slanguage". The (non-) redundancy of synonym-based blends Leyla Beyer, 2023-03-29 Seminar paper from the year 2022 in the subject English Language and Literature Studies Linguistics grade 1.3 Free University of Berlin Englische Philologie course Lexical Semantics language English abstract This paper examines the functions of synonym based blends in modern slang language The objective of this work is to argue tentatively that synonym based blends in contemporary slanguage serve a productive function and are not redundant in their meaning by validating the functions established by Benczes 2014 with a particular focus on synonym based slang blends In English morphological literature the term tautological compound is used to refer to two phenomena For one compounds composed of a hyponym and a superordinate term e.g. oak tree and secondly compounds based upon two synonymous units e.g. subject matter It is commonly considered a word formation that is redundant in its meaning and serves no semantical functions This concept has recently been challenged by a study demonstrating that tautological compounds are far from being redundant Much like tautological compounds there is an abundance of slang blends in the contemporary English language whose word formation appears redundant and tautological at face value Slanguage Bernard Share, 2005 Are you a holy terror Are you a go boy Could you live on the skin of a rasher Or are you so hungry that you eat a farmer's arse through a hedge When you're on the razz do you get so buckled crippled and scuttered that you can't get your back out the scratcher in the morning Never mind the answers if you understand the questions you are in Slanguage country If you don't you need to be This is the dictionary that glosses the words that real Irish people use in the streets each day every day Slang is elusive Some words and phrases are always there Others slip in and out of usage according to the whims of fashion This expanded edition of the standard dictionary of Irish slang includes many entries not in the 1997 edition It has dropped a few that have fallen out of favour and has revised others In all this edition is 25 per cent longer than its predecessor It will

confirm Bernard Share's invaluable book in its position as the major work of its kind combining scholarship and a keen sense of fun.
