Slick The Master Mainstreamer:

Slick Warren E. "Slick" Gerlach, 1997-02-01 **Disability Studies Quarterly**, 1997 *Forthcoming Books* Rose Army, 1997 **Fashion, Agency, and Empowerment** Annette Lynch, Katalin Medvedev, 2018-11-29 Fashion has always been strongly linked with the politics of gender and equality. In this global and interdisciplinary collection, leading authors explore the relationships between the dressed body, fashion, sex, and power, with an emphasis on the role of dress in both reinforcing and challenging social norms. Covering a range of geographic and social contexts, the book explores the role of fashion in empowering both individuals and groups to create transformation and change. Taking us from the performance of black dandyism through stylized hats to the use of challenging dance forms and male-inspired dress by female South African dancers to express independence and equality to ways in which recent Bond Girls have challenged traditional gender binaries, the book provides a crucial entry point into discussions of fashion as an empowerment strategy. Fashion, Agency, and Empowerment encourages the reader to critically examine the cultural and social impact of sexual objectification as well as to consider personal and shared narratives of self-objectification and repression. With chapters ranging from the iconic self-fashioning of Princess Diana to a discussion of sex power and cultural constructions of masculinity, Fashion, Agency, and Empowerment provides crucial insights into global fashion, political structures, and social life. Masses & Mainstream, 1954 *Mainstream*, 1990 **The Routledge Companion to Media and Race** Christopher Campbell, 2016-11-03 The Routledge Companion to Media and Race serves as a comprehensive guide for scholars, students, and media professionals who seek to understand the key debates about the impact of media messages on racial attitudes and understanding. Broad in scope and richly presented from a diversity of perspectives, the book is divided into three sections: first, it summarizes the theoretical approaches that scholars have adopted to analyze the complexities of media messages about race and ethnicity; from the notion of representation to more recent concepts like Critical Race Theory. Second, the book reviews studies related to a variety of media, including film, television, print media, social media, music, and video games. Finally, contributors present a broad summary of media issues related to specific races and ethnicities and describe the relationship of the study of race to the study of gender and sexuality. Chapters 1, 3, and 11 of this book are freely available as downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-NonCommercial-NoDerivatives CC BY-NC-ND 4.0 license. **Pitbull - Mr. Worldwide** C.
