Earth does not exist Or so they want you to believe Who are they What do they want And who do they think they are They are the Voltarians of Voltar an empire 110 planets strong They are already among us And the invasion is about to begin in a hundred years or so Or is it The truth is far more sinister Undercover underground and out of sight the invaders plan what may in fact be a massive diversion In the darkest recesses of Voltar s Coordinated Information Apparatus otherwise known as the CIA a tyrant of terror sets out to exploit the invasion in order to seize power All that stands in his way is a planet that doesn t exist Discover a world where corporations rule and political corruption is rife Where governments are driven by oil and controlled by drugs Where global warming is getting hotter by the minute and a scorching love affair could determine the fate of millions Where a cosmic conspiracy is about to hit home and the intergalactic intrigue knows no bounds They call it Blito P3 We call it Earth You can t afford to look the other way It s the end of the world as you know it and the beginning of one of the most spectacular thought provoking and wildly inventive works of science fiction and espionage of our time You will lose sleep You will miss appointments If you don t force yourself to set it down and talk to your family from time to time you may be looking for a new place to live Reading The Invaders Plan is simply the most fun you can have by yourself Orson Scott Card The Invaders Plan L.
