Low Pay - the Irish Experience Brian Harvey, Mary Daly, 1990      The Irish Story : Telling Tales and Making It Up in Ireland Oxford R. F. Foster Professor of Irish History and a Fellow Hertford College, 2002-09-06 Roy Foster is one of the leaders of the iconoclastic generation of Irish historians In this opinionated entertaining book he examines how the Irish have written understood used and misused their history over the past century Foster argues that over the centuries Irish experience itself has been turned into story He examines how and why the key moments of Ireland's past the 1798 Rising the Famine the Celtic Revival Easter 1916 the Troubles have been worked into narratives drawing on Ireland's powerful oral culture on elements of myth folklore ghost stories and romance The result of this constant reinterpretation is a shifting Story of Ireland complete with plot drama suspense and revelation Varied surprising and funny the interlinked essays in The Irish Story examine the stories that people tell each other in Ireland and why Foster provides an unsparing view of the way Irish history is manipulated for political ends and that Irish poverty and oppression is sentimentalized and packaged He offers incisive readings of writers from Standish O Grady to Trollope and Bowen dissects the Irish government's commemoration of the 1798 uprising and biting critiques the memoirs of Gerry Adams and Frank McCourt Fittingly as the acclaimed biographer of Yeats Foster explores the poet's complex understanding of the Irish story the mystery play of devils and angels which we call our national history and warns of the dangers of turning Ireland into a historical theme park The Irish Story will be hailed by some attacked by others but for all who care about Irish history and literature it will be essential reading

**The Irish Review** ,1989      The Irish Emigrant Experience in Australia John O'Brien, Pauric Travers, 1991 Who were the

Irish in Australia Where did they come from How did they fare in Australia and how did their experience differ from those of other emigrant groups if at all Does ethnicity matter or does the migrant army transcend nationality These and other questions are addressed by a distinguished group of international scholars in this collection of essays which represents major contribution to our understanding of Irish and Australian history By investigating the Irish origins and Australian outcomes of Irish emigration to the antipodes since the departure of the first Irish convict ship from Cork in 1791 this book vividly illustrates the way in which emigration responded to circumstances at both ends of the emigrant chain It also demonstrates more clearly than before the heterogeneity of Irish emigration and the diversity of the emigrant experience
