The Is Ought Question:

Is-ought Question W.Donald Hudson,1969-10-01 **The Is-Ought Problem** G. Schurz,1997-02-28 Schurz philosophy U of Salzburg Austria draws on modern alethic deontic predicate logic to address the venerable yet enduring problem of whether what ought to be can be derived from what is After two extensive introductory chapters supplying the background in philosophy and logic to readers unfamiliar with it he examines such dimensions as the logical explication of Hume s thesis the special Hume thesis weakened versions of it generalizations some applications to ethical arguments problems of identity and existence whether there are analytic bridge principles and whether they are scientifically justifiable The inquiry is expanded from Part II of his 1989 Relevant Deduction in Science and Ethics with a Case Study of the Is Ought Problem No index Annotation copyrighted by Book News Inc Portland OR **The Is-ought Question** William Donald Hudson,1972

The Is-ought Question ,1979 **The Is-ought Question** Antony Flew,1969 **The Radical Choice and Moral Theory** Zhenming Zhai,1994-10-31 In a crisp original style the author approaches the crucial question of moral theory the is ought problem via communicative argumentation Moving to the end of Habermas s conception of the communicative action he introduces the concept of radical choice as the key to the transition from the descriptive to the normative Phenomenological subjectivity of the intersubjective life world is being vindicated as the arch value of all derivative values or the first principle for all normative precepts With exceptional acumen and mastery of the philosophical argument the author a young native Chinese lately trained in a Western university delineates a fascinating route along which the philosophical question of justification raised in the analytic tradition can be answered on the basis of phenomenology A noteworthy contribution to the interplay between the Anglo American and Continental schools of philosophy **The Is-ought Question** William Donald Hudson,1969 **The Principles of New Ethics I** Wang Haiming,2020-10-29 From Descartes to Spinoza Western philosophers have attempted to propose an axiomatic systemization of ethics However without consensus on the contents and objects of ethics the system remains incomplete This fourvolume set presents a model that highlights a Chinese philosopher s insights on ethics after a 22 year study Three essential components of ethics are examined metaethics normative ethics and virtue ethics This volume mainly studies meta ethics The author not only studies the fi ve primitive concepts of ethics value good ought right and fact and reveals their relationship but also demonstrates the solution to the classic Hume s guillotine whether ought can be derived from fact His aim is to identify the methods of making excellent moral norms leading to solutions on how to prove ethical axioms and ethical postulates Written by a renowned philosopher the Chinese version of this set sold more than 60 000 copies and has exerted tremendous infl uence on the academic scene in China The English version will be an essential read for students and scholars of ethics and philosophy in general **Needs** Garrett Thomson,2026-01-30 First published in 1987 Needs by Garrett Thomson aims to explain the ways in which the concept of a need functions and an important part of this must be to reveal its distinctive empirical content and show how that content

relates to its evaluative role Thomson examines the distinction between fundamental needs and desires addressing topics such as human nature harm interests and the limits of choice Through rigorous analysis he challenges subjective and objective perspectives on harm and necessity while investigating the interplay between needs and morality Featuring a newly added preface for this reissue this book serves as an indispensable resource for scholars of philosophy ethics and human behavior

Leveraging David M. Anderson,2014-06-04 This book considers the current domestic and global political and economic landscape and will show that there are three different but related kinds of leverage that together have emerged as the dominant strategy in economics politics and international relations The economic crisis of 2008 09 was called by most economists a crisis of over leverage Yet no one has argued that there has also been a leverage crisis or at least a leverage challenge in other aspects of life The This book argues that there is a leverage mean in between the extremes of too little leverage and too much leverage that provides the basis for resolving the various crises and challenges This book which grows out of a Brookings Institution paper The Age of Leverage will analyze bargaining leverage resource leverage and economic investment leverage and should draw the attention of students and teachers in political and economic philosophy
