Transforming Literature into Scripture Russell Hobson,2014-09-19 Transforming Literature into Scripture examines how the early textual traditions of ancient Israel stories laws and rituals were transformed into sacred writings By comparing evidence from two key collections from antiquity the royal library at Nineveh and the biblical manuscripts from the Dead Sea Scrolls the book traces the stabilisation of textual traditions in the ancient Near East towards fixed literary prototypes The study presents a new methodology which enables the quantification categorisation and statistical analysis of texts from different languages writing systems and media The methodology is tested on wide range of text genres from the cuneiform and biblical traditions in order to determine which texts tend towards stabilised forms Transforming Literature into Scripture reveals how authoritative literary collections metamorphosed into fixed ritualised texts and will be of interest to scholars across Biblical Judaic and Literary Studies *The Dead Sea Scrolls After Fifty Years, Volume 1* Peter Flint,James C.

Vanderkam,2019-05-09 **The Dead Sea Scrolls Translated** Florentino García Martínez,1996 The Dead Sea Scrolls Translated comprises an extensive preface outlining the origin of the manuscripts and the aims of the translation This is followed by an introduction offering a survey of the discoveries and their publication a brief sketch of the characteristics of the Qumran library and several interesting remarks on the sect s identity origins and history The translation of the manuscripts is organized into nine chapters each with one or two pages of introduction It concludes with an exhaustive list of all manuscripts discovered at Qumran This list is a very useful reference tool and forms a scientific publication in its own right Originally published in Spanish 1992 the present authorized translation has been prepared by Wilfred G E Watson of the University of Newcastle a renowned scholar of Biblical Hebrew poetry Please note that this title is available to customers

Lefkovits, 2018-11-26 This volume deals with the Copper Scroll an almost two thousand year old cryptic proto Mishnaic Hebrew Dead Sea document It is the largest known ancient text to have ever been recorded on metal The Introduction covers the nature and site of the discovery opening of the two brittle oxidized copper rolls deciphering the text controversy about genuineness of the content etc The in depth study presents the primary major studies and offers a new reading translation and interpretation including alternatives as well as detailed studies of some unique aspects The analysis is based on Rabbinical Jewish sources originating largely in the same historical era This results into a more reliable interpretation of the Copper Scroll which probably originates from the Priestly leaders of Jerusalem and contains a list of the hidden treasures of the Second Temple before its destruction by the Romans

Craig S. Keener, 1997 Craig Keener argues forcibly and with the weight of much primary material in his favor that early Christian experience centered around the Holy Spirit Keener examines carefully the New Testament Gospels and the book of Acts in an effort to provide us with a fuller understanding of what the Holy Spirit meant in the life of the early believers This is perhaps the most detailed study of the Holy Spirit in the Gospels and Acts in light of the ancient evidence of the religious world in which these texts emerged **Library Journal**, 1966-10 **International Bibliography of the History of Religions**.

Bibliographie Internationale de L'histoire Des Religions, 1968 **Biblical Exegesis in the Apostolic Period** Richard N. Longenecker, 1999 The discovery of the Dead Sea Scrolls the Nag Hammadi texts and new Targums has greatly increased scholarly interest in the relationship between the New Testament and first century Judaism This critically acclaimed study by Richard Longenecker sheds light on this relationship by exploring the methods the earliest Christians used to interpret the

Old Testament By comparing the first Christian writings with Jewish documents from the same period Longenecker helps to discern both the key differences between Christianity and Judaism and the Judaic roots of the Christian faith Book jacket

The Scrolls and Christianity William Foxwell Albright, 1969 Since the discover of the Dead Sea Scrolls in 1947 there has been a great deal of controversy sometimes not very well informed about their historic and religious significance These essays by a group of leading scholars in the field of Scroll research present the very latest conclusions researched by acknowledged experts on the chief problems posed by the Scrolls Their main emphasis is on the light thrown by the Scrolls on New Testament problems in particular on the various stands of Judaism which were current during the New Testament period The date and identity of the Qumran Sect is submitted to expert archaeological and paleographical analysis Other essays deal with the affinity between the Jesus of the gospels and the Teacher of Righteousness the messianic hopes and the eschatology of the Qumran Sect the relationship of John the Baptist with the Essene tradition The closing essay on The Dead Sea Scrolls and Christian Origins provides a most valuable summary of the conclusions which a wide consensus of scholars would endorse Publisher
