Ohio Schools State Report Cards:

Ohio's Education Reform Challenges C. Finn, T. Ryan, M. Lafferty, 2010-07-05 Charter schools have emerged as one of the central policy debates in U.S. education and the Thomas B. Fordham Institute team has been a key participant in this debate since day one both nationally and in Ohio. Despite President Obama's call for states to strengthen the charter sector and widen the options it provides to needy youngsters, established interests in education and politics oppose this disruption of the status quo. Ohio has struggled with these issues for more than a decade, struggling in which the authors of this book have played influential and controversial roles, including that of an actual authorizer of charter schools. They write from wide experience on the ground as well as extensive research and nationally respected policy expertise. Ohio Schools, 1975
