## Slots For The Clueless:

Slots for the Clueless John Patrick,2001      **Hollywood Online** Ian London,2024-03-07 Hollywood Online provides a historical account of motion picture websites from 1993 to 2008 and their marketing function as industrial advertisements for video and other media in the digital age The Blair Witch Project is the most important example of online film promotion in cinema history Over the last thirty years only a small number of major and independent distributors have converted internet created buzz into box office revenues with similar levels of success Yet readings of how the film s internet campaign broke new ground in the summer of 1999 tend to minimize overlook or ignore the significance of other online film promotions Similarly claims that Blair initiated a cycle of imitators have been repeated in film publications and academic studies for more than two decades This book challenges three major narratives in studies about online film marketing Hollywood s major studios and independents had no significant relationship to the internet in the 1990s online film promotions only took off after 1999 because of Blair and Hollywood cashed in by initiating a cycle of imitators and scaling up corporate activities online Hollywood Online tests these assumptions by exploring internet marketing up to and including the film s success online Pre Blair 1993 9 then by examining the period immediately after Blair Post Blair 2000 8 which broadly coincides with the rise and decline of DVD as well as the emergence of the social media sites MySpace Facebook and Twitter

Writing Games Christine Pears Casanave,2005-04-11 This book explores how writers from several different cultures learn to write in their academic settings and how their writing practices interact with and contribute to their evolving identities as students and professionals in academic environments in higher education Embedded in a theoretical framework of situated practice the naturalistic case studies and literacy autobiographies include portrayals of undergraduate students and teachers master s level students doctoral students young bilingual faculty and established scholars all of whom are struggling to understand their roles in ambiguously defined communities of academic writers In addition to the notion of situated practice the other powerful concept used as an interpretive framework is captured by the metaphor of games a metaphor designed to emphasize that the practice of academic writing is shaped but not dictated by rules and conventions that writing games consist of the practice of playing not the rules themselves and that writers have choices about whether and how to play Focusing on people rather

than experiments numbers and abstractions this interdisciplinary work draws on concepts and methods from narrative inquiry qualitative anthropology and sociology and case studies of academic literacy in the field of composition and rhetoric The style of the book is accessible and reader friendly eschewing highly technical insider language without dismissing complex issues It has a multicultural focus in the sense that the people portrayed are from a number of different cultures within and outside North America It is also a multivocal work the author positions herself as both an insider and outsider and takes on the different voices of each other voices that appear are those of her case study participants and published authors and their case study participants It is the author s hope that readers will find multiple ways to connect their own experiences with those of the writers the book portrays **With Love, Miss Americana** Jane Igharo,2024-06-18 A girl moves from Nigeria to America and navigates her senior year with the help of teen movies and a new crush in this story described as the next coming of age hit perfect for fans of Jenny Han by Booklist in a starred review Enore Adesuwa doesn t dive into things she walks in carefully So when she her mother and her sister move from Nigeria shortly after her father s death she wants to be extremely prepared before attending high school in America Her cousin doesn t have time to explain the ins and outs to her but luckily he recommends the perfect research tool teen movies Still dealing with grief but armed with a set of rules of survival gathered from these movies including the crucial rule of keeping a low profile Enore is ready for her senior year But when she meets Davi Santiago it may be much harder than she thought to keep to her rules Because not only is he super thoughtful and okay very good looking he constantly encourages her to share her incredible singing talent Enore prefers the background but it just might be time for her to take center stage even in spite of her mother s strict expectations It would be easier to follow all the rules the ones Enore set for herself and the ones her mom imposes but as every teen movie has taught her a coming of age is nothing without a little rebellion And with help from her crush her sister and some new friends who don t quite play the roles she expects Enore s senior year might indeed be cinematic
