Slow Death:

Deep Change Robert E. Quinn, 2010-08-20 Don't let your company kill you. Open this book at your own risk. It contains ideas that may lead to a profound self-awakening. An introspective journey for those in the trenches of today's modern organizations. Deep Change is a survival manual for finding our own internal leadership power. By helping us learn new ways of thinking and behaving, it shows how we can transform ourselves from victims to powerful agents of change. And for anyone who yearns to be an internally driven leader to motivate the people around them and return to a satisfying work-life, Deep Change holds the key.

Body Problems M. Wolff, 2025-07-11 M. Wolff offers a groundbreaking exploration of Sally Gross, a South African intersex scholar, priest, activist, and anti-apartheid figure whose life and body were continuously policed and politicized.

Radical Health Julie Avril Minich, 2023-09-25 In *Radical Health*, Julie Avril Minich examines the potential of Latinx expressive culture to intervene in contemporary health politics, elaborating how Latinx artists have critiqued ideologies of health that frame wellbeing in terms of personal behavior. Within this framework, poor health, obesity, asthma, diabetes, STIs, addiction, and high-risk pregnancies is attributed to irresponsible lifestyle choices among the racialized poor. Countering this, Latinx writers and visual artists envision health not as individual duty but as communal responsibility. Bringing a disability justice approach to questions of health access and equity, Minich locates a concept of radical health within the work of Latinx artists, including the poetry of Rafael Campo, the music of Hurray for the Ruff Raff, the fiction of Angie Cruz, and the performance art of Virginia Grise. Radical health operates as a modality that both challenges the stigma of unhealth and protests the social conditions that give rise to racial health disparities. Elaborating on this modality, Minich claims a critical role for Latinx artists in addressing the structural racism in public health.

Dave Sheridan Dave Sheridan, 2018-04-18 Dave Sheridan collects the best of the legendary underground cartoonist's tripped-out comic strip hilarity. It includes Sheridan's solo comics, many reprinted for the very first time, and his collaborations with Fred Schrier and Gilbert Shelton, who writes the foreword, along with his record covers, beer labels, and advertisements for more cough-cough organic products.

Media Crossroads Paula J. Massood, Angel Daniel Matos, Pamela Robertson Wojcik, 2021-02-08 The contributors to *Media Crossroads* examine space and place in media as they intersect with sexuality, race, ethnicity, age, class, and ability. Considering a wide range of film, television, video games, and other media, the authors show how spaces, from the large and fantastical to the intimate and virtual, are shaped by the social interactions and intersections staged within them. The highly teachable essays include analyses of media representations of urban life and gentrification, the ways video games allow users to adopt an experiential understanding of space, the intersection of the regulation of bodies and spaces, and how style and aesthetics can influence intersectional thinking. Whether interrogating the construction of Portland as a white utopia in *Portlandia* or the link between queerness and the spatial design and gaming mechanics in the *Legend of Zelda* video game series, the contributors deepen understanding of screen cultures in ways that redefine conversations around space.
