Small Congregations New And Selected Poems:

Into a Light Both Brilliant and Unseen Malin Pereira, 2010-12 Malin Pereira's collection of eight interviews with leading contemporary African American poets offers an in depth look at the cultural and aesthetic perspectives of the post Black Arts Movement generation. This volume includes unpublished interviews Pereira conducted with Wanda Coleman, Yusef Komunyakaa, Thylia Moss, Harryette Mullen, Cornelius Eady, and Elizabeth Alexander, as well as conversations with Rita Dove and Cyrus Cassells, previously in print. Largely published since 1980, each of these poets has at least four books. Their influence on new generations of poets has been wide reaching. The work of this group, says Pereira, is a departure from the previous generation's proscriptive manifestos in favor of more inclusive voices, perspectives, and techniques. Although these poets reject a rigid adherence to a specific black aesthetic, their work just as effectively probes racism, stereotyping, and racial politics. Unlike Amiri Baraka's claim in *Home* that he becomes blacker and blacker, positioning race as a defining essence, these poets imagine a plurality of ideas about the relationship between blackness and black poetry. They question the idea of an established literary canon defining black literature. For these poets, Pereira says, the idea of home is found both in black poetry circles and in the wider transnational community of literature. A Sarah Mills Hodge Foundation Publication. **The Vintage Book of African American Poetry** Michael S. Harper, Anthony Walton, 2012-02-01 In *The Vintage Book of African American Poetry*, editors Michael S. Harper and Anthony Walton present the definitive collection of black verse in the United States. 200 years of vision, struggle, power, beauty, and triumph from 52 outstanding poets. From the neoclassical stylings of slave-born Phillis Wheatley to the wistful lyricism of Paul Lawrence Dunbar, the rigorous wisdom of Gwendolyn Brooks, the chiseled modernism of Robert Hayden, the extraordinary prosody of Sterling A. Brown, the breathtaking expansive narratives of Rita Dove, the plaintive rhapsodies of an imprisoned Elderidge Knight, the postmodern artistry of Yusef Komunyakaa. Here too is a landmark exploration of lesser known artists whose efforts birthed the Harlem Renaissance and the Black Arts movements and changed forever our national literature and the course of America itself. Meticulously researched, thoughtfully structured, *The Vintage Book of African American Poetry* is a collection of inestimable value to students, educators, and all those interested in the ever evolving tradition that is American poetry. Beyond Words Wendy Harding, Jacky Martin, 2009-03-26 This is a book about reading or rather about the moment when the usual frames of interpretation no longer apply. That is where the Othering Excursion begins. Through disruptive forms of rhetoric, writers discard the structures and norms of the cultural system and use the disorders thus created to suggest what lies beyond it. Cultivating distortion, conceptual blocks, and chaotic constructions, their texts flout normal processes of interpretation. Whereas traditional approaches often overlook these disorders or treat them as a form of informational noise, in this study they become the basis of critical reflection. Harding and Martin elaborate a critical concept and a range of reading methods to deal with what seem to be zones of obscurity in literary texts. Cutting across boundaries of race, ethnicity, and gender, they treat a wide range of

poetry and short fiction that challenges traditional interpretations Giving new readings of canonical texts the book examines works by American authors that are widely read and taught like Elizabeth Bishop A R Ammons Don DeLillo Leslie Marmon Silko or Sandra Cisneros At the same time it includes studies of emerging writers like Kate Braverman Dan Chaon or Chase Twichell There is something deeply moving in witnessing the birth of a new concept And indeed Wendy Harding and Jacky Martin s concept of Othering is a welcome addition to an already crowded field where concepts like difference alterity or hybridity are firmly established But the new concept is more than an addition it is more in the nature of a substitution as it aims to replace the now exhausted concepts allows the authors to avoid the trivialities of a criticism based on gender and race and by focusing on form and language or style to recapture the now largely lost intuitions of close reading This combination of close reading and a firm grasp of theory is one of the attractions of the book I am impressed by their mastery of the intricacies of theory and the range of their literary corpus in terms both of genres and texts I have no doubt that their book will be a major contribution to the renewal of the study of contemporary American literature Professor Jean Jacques Lecercle University of Nanterre Paris In *Beyond Words* Wendy Harding and Jacky Martin offer a new attitude to reading that approaches true diversity by ignoring trends toward traditional groupings of authors by race and gender and instead examining democratically recent American literature in terms of its unique and peculiar achievements In choosing texts that employ the rhetoric of the inexpressible the authors have identified Othering as the common thread running through short fiction and poetry by authors as varied as Allen Ginsberg Raymond Carver Sandra Cisneros Adrienne Rich and Li Young Lee In transliterating the language of the ineffable and unspoken *Beyond Words* employs its superbly original methodology toward unfolding previously inaccessible layers of meaning and provoking a fuller understanding of the creative process and its cultural milieu Michael Waters Professor of English at Salisbury University USA A germinal study from an other in this case European perspective of an at once idiosyncratic and indicative range of American texts with a view of how they themselves encounter the unexamined and unexpected Marilyn Hacker Professor at City College of New York and CUNY Graduate Center Invigorating and original *Beyond Words* The Othering Excursion in Contemporary American Literature challenges conventional ways of approaching literary texts Eschewing binaries Wendy Harding and Jacky Martin propose a new approach to reading and analyzing the heterogeneity of recent American literature By juxtaposing both well known and less familiar poetry and short fiction by authors as various as Gayl Jones John Ashbery Russell Banks and Marilyn Nelson Harding and Martin consider a stimulating variety of texts that cross aesthetic generic canonical and political boundaries Harding and Martin s polysemous approach to literary texts a procedure they call othering is groundbreaking and enlightening *Beyond Words* provides rich insights for scholars and general readers alike Harding and Martin s new mapping of American literature is a remarkable achievement certain to provoke dialogue for decades to come Sue Standing Jane Ruby Professor of English Wheaton College Norton Massachusetts In this new book with the apt title *Beyond Words* the Othering

Excursion in Contemporary American Literature Wendy Harding and Jacky Martin promise to generate intense conversation about their conceptual approach to reading canonical as well as newer texts in late twentieth century American literature Beyond Words favors a shift in thinking about all texts that defy conventional analysis and it resists the cleavages that it finds in unsatisfactory terms like alterity and hybridity conceived to account for differences in gender racial ethnic and class contexts Re conceiving Othering as a corroborative and complementary methodology rather than a splintered one Beyond Words invites an illuminating comprehensive analysis of literary production in late twentieth century American texts Helena Woodard Associate Professor of English Department of English University of Texas at Austin USA
