Small Town Planning Handbook 2nd 95 Edition:

Holding Our Ground Deborah Bowers, Tom Daniels, 1997-03-01 Farmers who own or rent most of the private land in America hold the key not only to the nation's food supply but also to managing community growth maintaining an attractive landscape and protecting water and wildlife resources While the issue of protecting farmland and open space is not new the intensity of the challenge has increased Farmers are harder pressed to make a living and rural and suburban communities are struggling to accommodate increasing populations and the development that comes with them *Holding Our Ground* can help landowners and communities devise and implement effective strategies for protecting farmland The book discusses the reasons for protecting farmland and how to make those reasons widely known and understood describes the business of farming federal government farm programs and the role of land in farmers's decisions analyzes federal state and local farmland protection efforts and techniques explores a variety of land protection options including purchase of development rights transfer of development rights private land trusts and financial tax and estate planning reviews the strengths and weaknesses of the farmland protection tools available The authors describe the many challenges involved in protecting farmland and explain how to create a package of techniques that can meet those challenges In addition they offer appendixes with model zoning ordinances nuisance disclaimers conservation easements and other documents that individuals and communities need to carry out the programs discussed *Holding Our Ground* provides citizens elected officials planners and landowners with a solid basis for understanding the issues behind farmland protection and will be an invaluable resource in developing techniques and programs for achieving long term protection goals PAS Memo ,1993 *Downtowns* Michael A. Burayidi, 2013-10-16 This collection evaluates the various strategies that different cities have used when attempting to economically revitalize downtown areas *The High Cost of Free Parking* Donald Shoup, 2017-10-20 One of the American Planning Association's most popular and influential books is finally in paperback with a new preface from the author on how thinking about parking has changed since this book was first published In this no holds barred treatise Donald Shoup argues that free parking has contributed to auto dependence rapid urban sprawl extravagant energy use and a host of other problems Planners mandate free parking to alleviate congestion but end up distorting transportation choices debasing urban design damaging the economy and degrading the environment Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people and why American motor vehicles now consume one eighth of the world's total oil production But it doesn't have to be this way Shoup proposes new ways for cities to regulate parking namely charge fair market prices for curb parking use the resulting revenue to pay for services in the neighborhoods that generate it and remove zoning requirements for off street parking Such measures according to the Yale trained economist and UCLA planning professor will make parking easier and driving less necessary Join the swelling ranks of Shoupistas by picking up this book today You'll never look at a parking spot the same way again *Comprehensive Planning and Citizen Participation*
