Smokescreen A Mystery:

Mysteries Unlocked Curtis Evans, 2016-04-19 In honor of the 70th birthday of Professor Douglas G Greene mystery genre scholar and publisher this book offers 24 new essays and two reprinted classics on detective fiction by contributors around the world including ten Edgar Mystery Writers of America winners and nominees The essays cover a myriad of authors and books from more than a century from J S Fletcher s The Investigators originally serialized in 1901 to P D James Death Comes to Pemberley published at the end of 2011 Subjects covered include detective fiction in the Edwardian era and the Golden Age between the two world wars hard boiled detective fiction mysteries and intellectuals and pastiches short stories and radio plays *Ellery Queen's Mystery Magazine* ,1982 **Twelve Englishmen of Mystery** Earl F. Bargainnier, 1984 There are hundreds of satisfactory and satisfying British mystery writers whose works should be studied both for their own individual accomplishments and for their comments on the society in which they were published in the last 150 years but who have not received any critical comment lately This volume is designed to correct that fault in a dozen of those unjustifiably neglected British authors Wilkie Collins A E W Mason G K Chesterton H C Bailey Anthony Berkeley Cox Nicholas Blake Michael Gilbert Julian Symons Dick Francis Edmund Crispin H R F Keating and Simon Brett **Writing Talk** Alex Hamilton, 2012 In his long career in literary journalism Alex Hamilton has probably met and talked in depth to more of our great writers than anyone else from the most critically acclaimed to the most hard nosed bestsellers from novelists to cartoonists and in every genre from Thrillers and Whodunnits to Short Stories from Poetry to Science Fiction This selection from a life s work gives us a stimulating and rare insight into the minds and lives of some of the most fascinating creators of our modern culture It s a book that contains many surprises in the revelations given by some of the authors about their struggles and victories the serious or humorous commitments made by them and their addiction to the kind of fiction they like to write The reader will soon realise that no two of these eighty five featured authors such as Kurt Vonnegut Angela Carter Stephen King Daphne du Maurier Ian McEwan Jorge Luis Borges Graham Greene or Margaret Atwood are alike Splendidly informative and serious Writing Talk is also often very funny a book to dip into as the mood takes or to dive into hungrily It will appeal to those with a passion for books and for the people who have written them I ve been fortunate to talk to so many marvellous writers Gathering some of these conversations into a book rather than their brief life in a daily newspaper offers a chance for readers to share my pleasure and to introduce a new generation to some past greats says Alex Hamilton behind his reason to create Writing Talk Mysteries and Secrets: The 16-Book Complete Codex Patricia Fanthorpe, Lionel Fanthorpe, 2014-11-12 This special 16 book bundle collects fearless investigations into the paranormal from the pens of Lionel and Patricia Fanthorpe who for several decades been researching and writing about ancient and eternal mysteries Their entertaining and thought provoking works span numerous topics from numerology freemasonry voodoo satanism and witchcraft to the very nature of death and time Additionally they have produced numerous volumes examining
