Business Studies September Controlled Test Paper 25 2014:

Organizational Behavior Christopher P. Neck, Jeffery D. Houghton, Emma L. Murray, 2018-11-29 Why does organizational behavior matter isn't it just common sense Organizational Behavior A Skill Building Approach helps students answer this by providing insight into OB concepts and processes through an interactive skill building approach Translating the latest research into practical applications and best practices authors Christopher P Neck Jeffery D Houghton and Emma L Murray unpack how managers can develop their managerial skills to unleash the potential of their employees The text examines how individual characteristics group dynamics and organizational factors affect performance motivation and job satisfaction providing students with a holistic understanding of OB Packed with critical thinking opportunities experiential exercises and self assessments the new Second Edition provides students with a fun hands on introduction to the fascinating world of OB

Strategic Management: Competitiveness and Globalisation Dallas Hanson, Michael A. Hitt, R. Duane Ireland, Robert E. Hoskisson, 2016-09-29 With an emphasis on global advantage the text offers a comprehensive examination of regional and international issues to provide a complete accurate and up to date explanation of the strategic management process New coverage on environmental concerns and emerging technologies as well as examples and cases from Australia New Zealand and Asia Pacific serve to engage students while updated international content demonstrates how strategic management is used in the global economy The text takes a resource based approach which requires the examining of a firm's unique bundling of its internal resources This text is appropriate for upper level undergrad usually third year post grad in Masters courses

An Analysis of Richard H. Thaler and Cass R. Sunstein's Nudge Mark Egan, 2017-07-05 When it was published in 2008 Richard Thaler and Cass Sunstein's Nudge Improving Decisions about Health Wealth and Happiness quickly became one of the most influential books in modern economics and politics Within a short time it had inspired whole government departments in the US and UK and others as far afield as Singapore One of the keys to Nudge's success is Thaler and Sunstein's ability to create a detailed and persuasive case for their take on economic decision making Nudge is not a book packed with original findings or data instead it is a careful and systematic synthesis of decades of research into behavioral economics The discipline challenges much conventional economic thought which works on the basis that overall humans make rational decisions by focusing instead on the irrational cognitive biases that affect our decision making These seemingly inbuilt biases mean that certain kinds of economic decision making are predictably irrational Thaler and Sunstein prove themselves experts at creating persuasive arguments and dealing effectively with counter arguments They conclude that if governments understand these cognitive biases they can nudge us into making better decisions for ourselves Entertaining as well as smart Nudge shows the full range of reasoning skills that go into making a persuasive argument

Environmental Success Stories Frank Dunnivant, 2017-03-21 Unlike many titles on environmental issues that portend a dark future Environmental Success Stories delves into the most daunting ecological and environmental challenges

humankind has faced and shows how scientists citizens and a responsive public sector have dealt with them successfully In addition to presenting the basic chemical and environmental science underlying problems like providing clean drinking water removing DDT and lead from agriculture and our homes and curtailing industrial pollution this book also discusses the political actors agency regulators and community leaders who have collaborated to enact effective legislation Sharing the stories of the people organizations and governments who have addressed these problems successfully Frank M Dunnivant explains how we might confront the world s largest and most complex environmental crisis climate change Now is the time for rededicated scientific exploration and enlightened citizen action to save our environment and Dunnivant s book offers a stirring call to action
