*dear elia* Mimi Khúc, 2023-12-11 In *dear elia* Mimi Khúc revolutionizes how we understand mental health. Khúc traces the contemporary Asian American mental health crisis from the university into the maw of the COVID 19 pandemic reenvisioning mental health through a pedagogy of unwellness the recognition that we are all differentially unwell. In an intimate series of letters she bears witness to Asian American unwellness up close and invites readers to recognize in it the shapes and sources of their own unwellness. Khúc draws linkages between student experience the Asian immigrant family the adjunctification of the university and teaching methods pre and post COVID 19 to illuminate hidden roots of our collective unwellness shared investments in compulsory wellness and meritocracy. She reveals the university as a central node and engine of unwellness and argues that we can no longer do Asian American studies without Asian American mental health and vice versa.

Interspersed throughout the book are reflective activities including original tarot cards that enact the very pedagogy. Khúc advances offering readers alternative ways of being that divest from structures of unwellness and open new possibilities for collective care.

*Am I Not a Human? (11): The Suffering of the Palestinian Patient under the Israeli Occupation* Fatima Itani, Atef Daghlas, 2012-10-20 *The Suffering of the Palestinian Patient under the Israeli Occupation* is the new book published by Al Zaytouna Center for Studies and Consultations in Beirut. The book addresses the suffering of the Palestinian patients and the Palestinian health sector due to Israeli violations. These include the vast difference in health care between the Jews and Arabs the experimentations done on Arab patients the repercussions of the siege on the Gazan patients in addition to the influence of the Israeli checkpoints and the separation wall on the patients in the West Bank the suffering of the patients held in the Israeli jails and the deliberate targeting of medical personnel. The book prepared by Fatima Itani and Atef Daghlas and edited by Dr Mohsen Saleh and Rana Sa'adah is 128 pages of medium size. It is the 11th in the *Am I Not Human* series which endeavors to present a full and complete picture of the suffering of Palestinians under Israeli occupation. It tries its best to address the hearts and minds with the most accurate concrete and documented framework. The book cites many cases of patients whose suffering is exacerbated by Israeli obstacles and the difficult conditions of Palestinian health care institutions. The book also addresses the delays at the Israeli checkpoints and the gates of the Separation Wall in addition to impeding the access of patients and pregnant women to health care centers. The number of patients who died at the checkpoints has amounted to 401 since the outburst of the Intifada and till 31-1-2011. On another hand the book highlights the deterioration of health care sector in the Gaza Strip as a result of the Israeli siege which was imposed since mid 2007. It led to a serious shortage of medicine medical instruments other necessary requirements for hospitals and even ambulances. These conditions caused the death of 380 Palestinians. The book also includes comparative statistics which illustrate the gap's magnitude between health care offered to Jews and Palestinians. It mentioned that in 2008 the average per capita allocations of health resources was 2,145 in Israel compared to 165.5 in the Palestinian Authority Territories while

the number of beds in 2009 reached 42 119 beds in Israeli hospitals compared to 5 058 beds in Palestinian hospitals The book sheds light on the experimentations performed on Palestinian patients in the Israeli hospitals including children old and mentally ill patients without their own or their legal custodians permission It reveals the testing of serious drugs on the Palestinians prisoners and the illegal trade of Palestinian human organs from corpses to treat Israeli patients including soldiers This conduct fails to respect international covenants which regulate medical experimentations on patients In addition the book tackles the Israeli policy of deliberate medical neglect regarding the prisoners and preventing them from getting proper medical care These conditions increased in the number of sick prisoners and exacerbated their diseases even after their release Consequently and since 1967 over 51 Palestinian prisoners died in the Israeli prisons The Israeli policy of preventing patients from traveling abroad to get treatment was also discussed in the book For Israel has the tendency to impose conditions of collaboration with the Israeli authorities and revealing information about their wanted relatives or neighbors in order to get proper treatment in Israel The frequent Israeli attacks on Palestinian medical personnel were also exposed The personnel are fired at physically and verbally abused and obstructed from reaching patients or even the injured During Israeli military operations ambulances and medical facilities are always targeted
