

Who are slow learners?

-  **SLOW LEARNERS** are those whose standard of school work falls below that of an average child of their age.
-  A slow learner has learning abilities comparable to children a stage younger than them.
-  Such children need help to attend to their special **academic needs** and **not** medical or psychological ones.
-  Some of these children are lucky to get a special educator to help them cope with schoolwork but most struggle for want of **special attention and teaching**.
-  **Early intervention** play a crucial role in the academic growth of a slow learner.
-  It is the **failure to recognize** and provide for their problems that set them back in their schoolwork.
