Communicating in Small Groups Steven A. Beebe, John Masterson, 2020. From our first edition to this our twelfth edition, our goal in writing this book has remained the same: to write a book that students find interesting and practical and that instructors find clear and comprehensive. We are pleased that the previous 11 editions continue to be praised and widely used by both teachers and students and that our text remains a market leader. We have written the twelfth edition of *Communicating in Small Groups: Principles and Practices* to serve as the primary text for a college-level course that focuses on group communication. We continue to seek a balanced approach to presenting the latest small group principles informed by classic and contemporary research while also identifying practical practices that bring those principles to life.
