Small Christian Communities Vision And Practicalities:

Small Christian Communities James O'Halloran, 2002 Insights and suggestions on the vision and practicalities of small Christian communities *Small Christian Communities* Thomas A. Kleissler, Margo A. LeBert, Mary C. McGuinness, 2003 This revised and updated edition of *Small Christian Communities A Vision of Hope for the 21st Century* is a rich source of practical information about how to make the vision of the parish as a community of many small communities come alive

Living Cells James O'Halloran, 2010 Vision and practicalities of small Christian communities and groups **The Church as the Family of God and the Care for Creation** Khisi, Maximian, 2019-02-19 Of late there has grown in African Catholicism the concept of Church as the Family of God *Familia Dei* which has enhanced greater social cohesion among the members of the Church and strengthened interpersonal relationships among them This book is an endeavour to offer a path towards the solution of the problem of environmental crisis through the theological discipline of ecclesiology Using the Catholic Archdiocese of Lilongwe's understanding of Church as the Family of God the book concludes that the application of the concept of Church as family of God while bringing great social cohesion among the people failed to extend to human relationships with the natural world in fact It has broadened the human feeling of superiority over the natural environment The book provides an ecclesiological complementarity which promotes a universal fraternity among people and the natural world and recommends an ecclesiological concept of Church as New Creation *Nova creatio* This would serve as a call for human beings to make a new ecological conversion leading new lifestyles change in their models of nature worldviews and change in the models of production and consumption **The Way of the Sea** Roald Kverndal, 2008-01-01 The sea has been both a source of bounty and a bridge of communication through the ages The Way of the Sea explores the unique role of seafarers in promoting the revealed plan of the Creator and Redeemer of both land and sea As a follow up to *The Seamen's Mission* Kverndal's comprehensive survey of maritime mission presents both historical and current perspectives While The Way of the Sea provides a much needed tool for the developing field of maritime Missiology people from all walks of life will learn from the rich history and culture of kingdom minded seafarers *The Wiley Blackwell Companion to Practical Theology* Bonnie J. Miller-McLemore, 2014-01-07 Through a series of essays contributed by leading experts in the field The Wiley Blackwell Companion to Practical Theology presents an introduction to practical theology as a major area of Christian study and practice including an overview of its key developments themes methods and future directions The first comprehensive reference work to provide a survey description and analysis of practical theology as an area of study A range of leading scholars in the field provide original contributions on the major areas issues and figures in practical theology Reviews an extensive range of methods for studying theology in practice along with sub disciplines in theological education such as pastoral care and preaching Covers developments in the discipline in a range of global contexts and distinct Christian traditions Shows how practical theology is relevant to everyday life **Remember José Inga!** James O'Halloran, 2004

Remember Jose Inga is a novel based in South America in the turbulent decade of the 1970s It was paradoxically a time of hope and a time of despair A time of hope because in the wake of the Medellin Conference a church that had traditionally sided with the powerful was now taking its stand with the little ones A time of despair because brutal military dictatorships reacted violently to the new alliance The dictatorships were supported by oligarchies at home and neo colonial powers from abroad This oppression from abroad has reached crisis point at present but it was already going on if not quite so blatantly in decades past This moving story follows the fortunes of ordinary folk Indians priests Campesinos trapped in the web of history A small decision in the life of the indigenous Jose Inga leads to consequences that are great and impacted the lives of many in ways he could not have dreamt of *Church Administration, 3rd Edition* Robert H. Welch, Jody Dean, 2025-09-15 In the third edition of *Church Administration* Robert Welch and Jody Dean provide an in depth and thorough guide to the organization of the church and administration *Hermeneutics and Empirical Research in Practical Theology* Chris Hermans, Mary Moore, 2021-09-20 There is a growing consensus among scholars in different countries about the object of practical theology Hans van der Ven has contributed much to this consensus through his writings on the foundations of practical theology the empirical paradigm within practical theology and specific subdisciplines within practical theology especially religious education moral education church development and ministry At the center of this growing consensus is an understanding of the independent hermeneutical role of religious experiences and practices of people in the process of theological theory building If contemporary religious experiences and practices have a critical role with regard to religious tradition and the ministry of this tradition then practical theology cannot just be a form of applied theology The contributors of this volume focus on this hermeneutical core foundations of practical theology and on empirical research as a research method within practical theology in the work of Van der Ven **Small Christian Communities** Robert S. Pelton, 1997 The editor of this collection is a member of the ETHS class of 1939 **Forming a Small Christian Community** Richard Currier, Fran Gram, 1992 Provides historical and theological foundations for forming a small Christian community as well as practical step by step guidance **Studies**, 2003 An Irish quarterly review *Building Community* James O'Halloran, 2011 A book that urges the nurturing of local community in the face of economic and political collapse *A Practical Guide for Successful Church Change* Ramsey Coutta, 2008-04 Church change is as inevitable as it is necessary Pastors and church leaders can either embrace change to their benefit or they can ignore it and watch as their church slowly becomes irrelevant Pastors and church leaders have long needed a practical guide on how to recognize the need for change how to plan for change how to implement change and how to sustain change A Practical Guide for Successful Church Change provides just this Pastors and church leaders will learn principles for recognizing planning implementing and sustaining change They will also learn how to cope with resistance prepare personally for change and effectively communicate the need for change to the church Those who are thinking of leading change in the church will find this book exceedingly practical and useful as they seek to
