Handbook of Small Business Finance United States. Small Business Administration, 1975 Establishment of Permanent Small Business Finance Corporation United States. Congress. Senate. Committee on Banking and Currency, 1946 The Design of Micro Credit Contracts and Micro Enterprise Finance in Uganda Winifred Tarinyeba-Kiryabwire, 2010 Studies have shown that the negative effects of credit market inefficiencies are most felt by smaller firms Therefore in countries such as Uganda where micro enterprises are at the bottom of the economic pyramid moral hazard and adverse selection severely affect their ability to access formal credit hence limiting their growth potential Microfinance has been heralded for its use of innovative lending methods to improve access to credit The last decade has witnessed an unprecedented increase in the outreach of micro lending institutions and the development of financial products suited to the needs of the economically active poor who often are unable to obtain credit from mainstream financial institutions This book analyzes the law and economics theories on access to credit and enterprise finance and based on case studies in Uganda presents empirical findings of the promise and limits of contractual innovations in micro credit Establishment of Permanent Small Business Finance Corporation, Hearing Before a Subcommittee of ... 79-2 on S. 1320 ..., July 25, 1946 United States. Congress. Senate. Banking and Currency Committee, 1946 **Advances in Small Business Finance** Rassoul Yazdipour, 2012-12-06 Small business research is becoming more sophisticated as an increasing number of scholars study more complex analytical issues In many cases research pertaining to the small firm is part of the incomplete and inefficient markets controversy in the finance literature Because of their size and traditional organizational form small firms often find it extremely difficult to attract significant resources in sophisticated financial markets These markets appear to be segmented and incomplete whether or not the markets are efficient is subject to much debate *Advances in Small Business Finance* presents a variety of research studies that indicate the unique roles of debt and equity and the sources of funds for small firms This book contributes important insight into major questions that face small firms financiers managers and owners on a daily basis Many of the studies in this volume deal with aspects of valuation of the small firm In some instances the focus is on the firm's ability to attract debt or equity and in others the emphasis is on valuation of the small firm's capital Constand Osteryoung and Nast focus on the determinants of capital structure for small firms that are privately owned and are highly dependent on commercial loans as their supply of debt Timothy Bates examines firm viability and finds that surviving firms are those that began with greater initial capital create new jobs and are led by entrepreneurs who are better educated *China's*

Emerging Financial Markets James R. Barth, John A. Tatom, Glenn Yago, 2009-12-02 China's emerging financial markets reflect the usual contrast between the country's measured approach toward policy regulatory and market reform and the dynamic pace of rapid economic growth and development. But they also offer unusual challenges and opportunities. In the past five years the pace of opening and reform has accelerated sharply. Recapitalization and partial privatization of the largest banks and the allowance of some joint venture and branch operations for foreign financial institutions are making rapid headway in developing and expanding financial services and improving access to domestic business and households. This book provides the most extensive look available at the evolving Chinese financial system. It begins with alternative perspectives on the evolution of the financial system and the broad outlines of its prospects and potential contribution to economic growth. Three articles review broad aspects of the financial system. Franklin Allen, Jun QJ, Qian Meijun, Qian and Mengxin Zhao lead off with overviews of the banking system and performance of the equity market and other institutions.
