No Hormones, No Fear Trisha Posner,2007-12-18 Five years ago at the age of forty six Trisha Posner was surprised to learn from a blood test that she was in full blown menopause Her gynecologist urged her to begin hormones immediately but mindful of her family s history of breast cancer she refused No Hormones No Fear is the story of Posner s search for an alternative to the AMA s sanctioned regimen of hormone replacement therapy In a wonderfully engaging personal account she reveals how she mastered menopause naturally by developing a unique program involving exercise diet nutrition and herbs She not only successfully alleviated her symptoms but actually significantly improved her health and quality of life Now updated with the latest major medical studies which raise troubling questions about estrogen replacement for millions of women No Hormones No Fear is an indispensable primer for women confronting the thicket of conflicting information about whether or not to choose hormones during menopause Trisha Posner through her own inspiring story shows that today s modern women finally have choices and can empower themselves by taking control of their health and lives **HRT**

physical feeling wonderful until her doctor called to report surprising news Although Posner had not recognized her own symptoms her blood tests indicated she was in full blown menopause When her gynecologist urged hormone replacement therapy Posner balked fearing it might increase her risk of developing breast cancer which had already struck her mother and two aunts This Is Not Your Mother's Menopause traces Posner's quest for an alternative to a woman's usual choices take hormones as most doctor advise or do nothing and risk the deterioration of her heart bones and mind In frank and engaging prose Posner reveals how she developed a personal program to counter naturally the annoying symptoms of menopause like hot flashes and headaches as well as the more serious problems like depression and loss of sexual desire Ultimately her unique regimen built around exercise diet and nutritional and herbal supplements not only eliminated her symptoms but significantly improved her health and quality of life continued on back flap continued from front flap Trisha Posner's journey is a powerful reminder that women must be informed consumers about menopause and proves that this passage affords a gateway to physical spiritual and emotional growth Candid at times irreverent and humorous but ultimately empowering This Is Not Your Mother's Menopause reveals how one modern woman took control of her health and her life with inspiring results
