

# A SMATTERING OF MONSTERS

A KIND OF MEMOIR

GEORGE GREENFIELD

*'A real page-turner. It is enormously readable'*

John Junor, MAIL ON SUNDAY

# Smattering Of Monsters

**Christopher Hilliard**

## **Smattering Of Monsters:**

**John le Carré** Adam Sisman, 2015-10-19 The definitive biography of the undisputed giant of English literature a man whose own true history has long been hidden behind the fictional world of his books Compendious and compelling it is impossible to imagine this Life being bettered WILLIAM BOYD NEW STATESMAN Smiley himself could not have done a better job SUNDAY TIMES Long after The Spy Who came in from the Cold made John le Carré a worldwide bestselling sensation David Cornwell the man behind the pseudonym remained an enigma In this definitive biography written with unprecedented access to the man himself Adam Sisman offers an illuminating portrait of a fascinating and enigmatic writer In Cornwell's lonely childhood Adam Sisman uncovers the origins of the themes of love and abandonment which dominated le Carré's fiction the departure of his mother when he was five followed by sixteen hugless years in the dubious care of his father a man of energy and charm a serial seducer and conman who hid the Bentleys in the trees when the bailiffs came calling a totally incomprehensible father who could put a hand on your shoulder and the other in your pocket both gestures equally sincere And in Cornwell's adult life from recruitment by both MI5 and MI6 through marriage and family life to his emergence as the master of the spy novel Sisman explores the idea of espionage and its significance in human terms the extent to which betrayal is acceptable in exchange for love and the endless need for forgiveness especially from oneself Written with exclusive access to David Cornwell to his private archive and to the most important people in his life family friends enemies intelligence ex colleagues and ex lovers and featuring a wealth of previously unseen photographic material Adam Sisman's extraordinarily insightful and constantly revealing biography brings in from the cold a man whose own life was as complex and confounding and filled with treachery as any of his novels I'm a liar Cornwell once wrote Born to lying bred to it trained to it by an industry that lies for a living practised in it as a novelist This is the definitive biography of a major writer described by Richard Osman as just the finest wisest storyteller we had *Enid Blyton* Andrew Maunder, 2021-12-02 This book is a study of the best selling writer for children Enid Blyton 1897-1968 and provides a new account of her career It draws on Blyton's business correspondence to give a fresh account of a misunderstood figure who for forty years was one of Britain's most successful and powerful authors It examines Blyton's rise to fame in the 1920s and considers the ways in which she managed her career as a storyteller journalist and magazine editor There is discussion of her most famous series including the Famous Five the Secret Seven Malory Towers and Noddy but attention is also given to lesser known works including the family stories she published to acclaim in the 1940s and early 1950s as well as her attempts to become a dramatist The book also discusses Blyton's fluctuating critical reputation how she and her works were received and how Blyton the person has fared at the hands of biographers and the media **English as a Vocation** Christopher Hilliard, 2012-05-31 English as a Vocation is a history of the most influential movement in modern British literary criticism F R Leavis and his collaborators on the Cambridge journal *Scrutiny* in the 1930s to the 1950s demonstrated compelling ways of reading modernist poetry

Shakespeare and the texts of advertising Crucially they offered a way of teaching critical reading an approach that could be adapted for schools and adult education classes modelled in radio talks and paperback guides to English Literature and taken up in universities as far afield as Colombo and Sydney This book shows how a small critical school turned into a movement with an international reach It tracks down Leavis's students analysing the pattern of their social origins and subsequent careers in the context of twentieth century social change It shows how teachers transformed Scrutiny approaches as they tried to put them into practice in grammar and secondary modern schools And it explores the complex even contradictory politics of the movement Champions of creative writing and enemies of progressive education alike based their arguments on Scrutiny's interpretation of modern culture Left Leavisites such as Raymond Williams Richard Hoggart and Stuart Hall wrought influential interpretations of social class and popular culture out of arguments with the Scrutiny tradition This is the first book to examine major figures such as these alongside the hundreds of other teachers and writers in the movement whose names are obscure but who wrestled with the same challenges how do you approach a baffling poem How do you uncover what an advertisement is trying to do How can literature inform our everyday experiences and judgements What does culture mean in modern times

Shonen Jump's Yu-gi-oh! the Dawn of Destiny Elliott Chin,2004 An official strategy guide for Yu Gi Oh games along with a resource for over 1000 cards tips for mastering Triple Duels and dueling basics for beginners
