## **The Garden as an Art** Mara Miller,1993-07-01

In this book Miller challenges contemporary aesthetic theory to include gardens in an expanded definition of art She provides a radical critique of three central tenets within current intellectual debate first the art historical notion that art should only be studied within the context of a single culture and period second the philosophical belief that art should be conceived as a discrete object unrelated to our survival as persons as cultural communities as a species and third the notion that all signifying systems are like language
