Raymond,2008 Author Eileen Raymond describes students with disabilities with respect to their individual strengths and needs considering their cognitive perceptual and social emotional characteristics The reader is encouraged to apply these

conceptual frameworks through analysis of numerous vignettes and extended case studies throughout the text Learners with Mild Disabilities is designed as a primary text for use in undergraduate and graduate courses that address the characteristics of learners with high prevalence or milder levels of disability and it is useful as a text for the first specialized course in a special education program

BOOK JACKET *Issues in Educational Placement* James M. Kauffman, Daniel P. Hallahan, Terry A. Astuto, John Wills Lloyd, 2019-08-07

Placement of students with disabilities in the least restrictive environment has become a central issue in special education. To date no comprehensive treatment of placement issues is available especially for students with emotional and behavioral disorders who present particularly difficult placement problems. This book combines data and discussions intended to further the understanding of how and why decisions are made to place students with emotional or behavioral disorders in particular educational environments. This volume establishes the problem of placement in a contemporary and historical context reviews the literature on placement of students with emotional or behavioral disorders and discusses placement options and concerns about multicultural issues post secondary education law and regulation demands on teachers and policy choices. Its goals are to improve understanding of decision processes leading to placement set the stage for improvements in pupils lives in school and elsewhere and stimulate research on the many placement issues that are left unresolved.

Students with Learning Disabilities Cecil D. Mercer, Paige C. Pullen, 2009

For courses in Learning Disabilities. The seventh edition of this popular text offers comprehensive coverage and a balanced approach of all of the varying theories and practices in the field educational medical and psychological incorporating assessment definition characteristics and strategies all to help readers develop their own personal perspective.
