Cooley, 2013-10 The original edition of *Pompeii A Sourcebook* was a crucial resource for students of the site Now updated to include material from Herculaneum the neighbouring town also buried in the eruption of Vesuvius *Pompeii and Herculaneum A Sourcebook* allows readers to form a richer and more diverse picture of urban life on the Bay of Naples Focusing upon inscriptions and ancient texts it translates and sets into context a representative sample of the huge range of source material uncovered in these towns From the labels on wine jars to scribbled insults and from advertisements for gladiatorial contests to love poetry the individual chapters explore the early history of Pompeii and Herculaneum their destruction leisure pursuits politics commerce religion the family and society Information about Pompeii and Herculaneum from authors based in Rome is included but the great majority of sources come from the cities themselves written by their ordinary inhabitants men and women citizens and slaves Incorporating the latest research and finds from the two cities and enhanced with more photographs maps and plans *Pompeii and Herculaneum A Sourcebook* offers an invaluable resource for anyone studying or visiting the sites      **The World of Pompeii** Pedar Foss, John J. Dobbins, 2009-06-02 This well illustrated volume written by experts is an all embracing survey of The World of Pompeii the town of Herculaneum and the many urban and rural villas      *The Freedman in Roman Art and Art History* Lauren Hackworth Petersen, 2011-09-19 From monumental tombs and domestic decoration to acts of benefaction and portraits of ancestors Roman freed slaves or freedmen were prodigious patrons of art and architecture Traditionally however the history of Roman art has been told primarily through the monumental remains of the emperors and ancient writers who worked in their circles In this study Lauren Petersen critically investigates the notion of freedman art in scholarship dependent as it is on elite authored texts that are filled with hyperbole and stereotypes of freedmen such as the memorable fictional character Trimalchio a boorish ex slave in Petronius Satyricon She emphasizes integrated visual ensembles within defined historical and social contexts and aims to show how material culture can reflect preoccupations that were prevalent throughout Roman society Interdisciplinary in scope this book explores the many ways that monuments and artistic commissions by freedmen spoke to a much more complex reality than that presented in literature      The Cambridge Ancient History, 2000      The Insula of the Menander at Pompeii: The structures Roger Ling, Paul R. Arthur, 2004 This is the first of three volumes which offer a detailed analysis of one of the major city blocks of ancient Pompeii destroyed by the eruption of Vesuvius in AD 79 Excavated between 1926 and 1932 the Insula of Menander is so named after the structure that occupies over half the block s total area of 3 500 square metres the House of the Menander one of the grandest mansions of the city Other smaller houses notably the House of the Lovers and the House of the Craftsmen occupy outlying parts and a number of

shops and apartments are interspersed among them The purpose of the present volume is to document a complete survey of the architecture of the block and thus trace the structural history of the Insula with its intricate pattern of changing property boundaries over the 250 300 years of its existence Subsequent volumes will examine the decorations wall paintings and mosaic pavements and the objects that were found during excavation Paradoxically while Pompeii is one of the best known of all Roman archaeological sites very few areas of the site have been fully published This is the first time a global study has been undertaken of one of the major city blocks and it shows the enormous potential of such investigations to reveal insights into the social history of the city     Forthcoming Books Rose Arny,1989-05     *Journal of Roman Archaeology* ,2000

Gordon McKay one of the most respected names in Vergilian studies Written by some of the world's leading scholars the essays offer new perspectives on the larger Vergilian world which Dr McKay's scholarship has so richly illuminated The Two Worlds of the Poet focuses primarily on Vergil and Augustan literature and art with several essays that expand the Vergilian theme and reflect the wide research interests of Professor McKay in such areas of classical studies as literature art architecture painting and sculpture Vergil's world presents two faces each inseparable from the other the world which formed the poet and the world which the poet himself created and it is proper that a volume which commemorates a scholar whose own work has elucidated both of these worlds should address itself to each Several essays examine the poet's *modus creandi* his use of the simile his assimilation of the language and motifs of Roman comic drama his exploitation of the rich store of Greek Etruscan and Roman mythological legendary and historical material and his treatment of a variety of themes which touch upon the very essence of the human condition Other essays touch upon various aspects of Vergil's material and cultural environment enabling readers to place his created work in a broader perspective Contributors offer new perspectives on the post classical treatment of Vergilian themes illustrating how the reception of Vergil varied with successive generations The volume concludes with the reflections of the senior statesman of Vergilian criticism upon the scholar's art and mission Vergil knew that to understand the present it was essential to break out of the narrow circle of the moment and to reach into the past thereby affirming our own humanity and our place in the world and finding paths into the future Vergil and his poetry create evocative connections that cut across time and place and culture providing a glimpse at the universal human experience The essays in The Two Worlds of the Poet explore Vergil's own struggle to find his place in the world chronicle the pathway by which we gain entry into the world of the poet and examine how the world of the poet has influenced and enriched our world Robert McKay Wilhelm is a professor of Classics at Miami University in Oxford Ohio His specialties include Latin literature Vergilian studies classical mythology and Greek and Roman art and archaeology He earned his Ph D from The Ohio State University A professor of Classics at McMaster University Howard Jones is the author of several books including *Pierre Gassendi An Intellectual Biography* and *The Epicurean Tradition* He received his Ph D from Indiana University
