Studies in Military Geography and Geology Douglas R. Caldwell, Judy Ehlen, Russell S. Harmon, 2014-09-01 Studies in Military Geography and Geology Douglas R. Caldwell, Judy Ehlen, Russell S. Harmon, 2007-11-04 This book contains a selection of papers from the International Military Geology and Geography Conference held at the U S Military Academy West Point New York in June 2003 *Studies in Military Geography and Geology* expands a series of recent publications originating from conferences and symposia on military geology that began in 1994 The 25 contributions address a broad range of military topics ranging from the strategic perspective through analyses of historical battles at the operational and tactical levels to the use of advanced technologies applied to present day military problems *Military Geosciences in the Twenty-First Century* Russell S. Harmon, Sophie E. Baker, Eric V. McDonald, 2014-08-22 Eighteen chapters address the complex yet critical aspects of the role of geosciences in military undertakings The chapters cover a wide range of expertise drawn from the broad area of geology geomorphology geography geophysics engineering geology hydrogeology cartography environmental science remote sensing soil science geoinformatics and related disciplines that reflect the multidisciplinary nature of military geology **Military Geology and Topography** National Research Council (U.S.). Division of Geology and Geography, 1918 **Course of Sciences Applied to Military Art** Coast Artillery School (U.S.), Anthony Wayne Vogdes, 1884 Military Geoscience Peter L. Guth, 2020-01-28 This book is a collection of papers presented at the 11th International Conference of Military Geoscience that was held in 2015 The conference included discussion on a diverse range of geosciences including military history military geology teaching geology from a military prospective geological influence on the battlefield and environmental and cultural issues related to management of military lands Geology and geography have played a significant role in military history from providing the stone for primitive tools and weapons to the utilization of terrain in offensive and defensive strategies Specific to this volume deserts comprise nearly a third of the Earth s surface and have been the site of numerous battles where the dust heat and a lack of food and water have provided challenges to military leaders and warriors This book examines the role of deserts in past and modern warfare the problems and challenges in managing military lands in desert regions and how desert environmental conditions can impact military equipment and personnel This proceedings volume should be of interest to scholars professionals and those interested in military history warfare geology geography cultural resources general science and military operations *Military Geology and Topography* Herbert E. Gregory, 2015-09-27 Excerpt from *Military Geology and Topography A Presentation of Certain Phases of Geology Geography and Topography for Military Purposes* The organization of Students Army Training Corps in American educational institutions involves a readjustment of courses of instruction The extent to which the modification of existing courses and the introduction of new courses is desirable has been indicated in a circular transmitted to colleges and universities by the Committee on Education and Special Training of the War Department This circular includes the statement The branches of

earth science which contribute most directly to military needs are Military Geology and Geography including Meteorology and Military Mapping and recommends that some course or courses covering these topics be offered in each institution where geology or geography is taught This action was taken because the Great War has demonstrated the desirability of more widely diffused knowledge of geology as an aid in conducting military operations and in the solution of economic problems relating to raw materials In response to many requests for guidance in the presentation of the courses which were called for by the Committee of the War Department the National Research Council through its Division of Geology and Geography has prepared Military Geology and Topography Introductory Meteorology and a syllabus on the Geography of Europe as text books for students In the preparation of Military Geology the following have collaborated Professor Nevin M Fenneman University of Cincinnati Professor C P Berkey Dr A K Lobcck and Dr Frederick Morris Columbia University Professor W W Atwood and Professor J B Woodworth Harvard University Professor H L Fairchild University of Rochester Dr Willis T Lee Dr T Wayland Vaughan O E Mcinzcr and P S Smith United States Geological Survey Dr J E Spurr United States Bureau of Mines Professor H F Cleland Williams College Professor C K Leith and Professor W J Mead University of Wisconsin Professor W E Ford Professor Herbert E Gregory and Dr George E Nichols Yale University Valuable criticism has been received from M R Campbell N C Grover J C Hoyt B H Lane J L Ridgway and G M Wood of the United States Geological Survey and from others whose duties in connection with the war prevented fuller participation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
