Studies in Monastic Theology Odo Brooke, 1980 *Studies in Monastic Theology*, 1980 **Medieval Monastic Education** George Ferzoco, Carolyn Muessig, 2001-04-19 While the role of monastic education has been studied in great detail in regard to male practices this book examines the differences between the monastic formation and education of men and of women in Western Europe from the eighth to the sixteenth century Fourteen chapters written by well known scholars consider monastic education and practices in the geographical areas of England France Germany and the Low Countries Using attitudes toward education and actual educational theories the authors explore issues such as the use of music and physical training in education to explore new realms of the discipline **The Monastic Theology of Aelred of Rievaulx** Amédée Hallier, 1969 **The Story of Monasticism** Greg Peters, 2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today's church **Whole Person Education in East Asian Universities** Benedict S. B. Chan, Victor C. M. Chan, 2021-09-08 This book provides much new thinking on the phenomenon of whole person education a phenomenon which features strongly in East Asian universities and which aims to develop students intellectually spiritually and ethically to master critical thinking skills to explore ethical challenges in the surrounding community and to acquire a broad based foundation of knowledge in humanities society and nature The book considers different approaches to whole person education including Confucian Buddhist and Chinese perspectives Western philosophy and religion and interdisciplinary approaches Overall the book provides a comprehensive overview of whole person education why it matters and how to implement it Moreover although the examples in the book are from East Asia the discussion and the values involved are universal important for the whole world **Monastic Studies**, 1974 *The Monkhood of All Believers* Greg Peters, 2018-11-06 Although the institution of monasticism has existed in the Christian church since the first century it is often misunderstood Greg Peters an expert in monastic studies reintroduces historic monasticism to the Protestant church articulating a monastic spirituality for all believers As Peters explains what we have known as monasticism for the past 1 500 years is actually a modified version of the earliest monastic life which was not necessarily characterized by poverty chastity and obedience but rather by one's single minded focus on God a single mindedness rooted in one's baptismal vows and the priesthood of all believers Peters argues that all monks are Christians but all Christians are also monks To be a monk one must first and foremost be singled minded toward God This book presents a theology of monasticism for the whole church

offering a vision of Christian spirituality that brings together important elements of history and practice The author connects monasticism to movements in contemporary spiritual formation helping readers understand how monastic practices can be a resource for exploring a robust spiritual life *Spiritual Friendship* Aelred of Rievaulx, Dennis Billy, 2008-10-28 This surprisingly modern twelfth century classic has long been popular with monks Now this new edition opens up the riches of this spiritual masterpiece to a wide audience of contemporary readers who see the spiritual life not as a solitary enterprise but one intimately connected to relationships Written in dialogue form *Spiritual Friendship* offers wise counsel on many aspects of friendship Dennis Billy C Ss R editor of the innovative Classics with Commentary series has once again provided readers with an invaluable introduction and background The popular translation by M Eugenia Laker is complemented by Billy s helpful commentary and thoughtful reflection questions Theological Studies William James McGarry, John Courtney Murray, 1960 **Studies in Cistercian Art and Architecture** Meredith Parsons Lillich, 1982 A Visual Approach to the Study of Religious Orders Marcin Jewdokimow, Thomas Quartier, OSB, 2019-05-01 A Visual Approach to the Study of Religious Orders applies visual methods to the exploration of various facets of religious life such as everyday lived experience contemporary monastic identity or monastic architecture Presenting a series of visual essays it treats images not as simple illustrations but as an autonomous form of expression capable of unveiling vital and developmental layers of experience while inviting readers to examine and interpret the data themselves The first book of its kind it brings together case studies from various locations across Europe to demonstrate what the use of visual methodologies can contribute to social scientific research on religious orders As such it will appeal to scholars and students of sociology religious studies and theology and anyone with interests in religious orders **Cistercian Studies** Cistercians, 1978 **Reclaiming Humility** Jane Foulcher, 2011 Whilst humility held a central place in early Christian theology and practice it has generally been marginalised by the modern Western world and in contemporary Christian life By contrast ascetical traditions in Christianity especially Monasticism have retained and developed humility as fundamental to the human journey This thesis examines four historical expressions of the Western monastic tradition to see how they might contribute to a rehabilitation of humility for contemporary life The Universities of Europe in the Middle Ages Hastings Rashdall, 1895 **The Universities of Europe in the Middle Ages: pt. 1. Italy. Spain. France. Germany. Scotland, etc** Hastings Rashdall, 1895 **University Education Under the Guidance of the Church; Or Monastic Studies** Ramsgate Monk of St. Augustine's, 1873
