Studies In Theology:

Religious Studies, Theology, and the University Linell E. Cady,Delwin Brown,2002-10-10 This collection explores the highly contested relationship of religious studies and theology and the place of each if any in secular institutions of higher education The founding narrative of religious studies with its sharp distinction between teaching religion and teaching about religion grows less compelling in the face of globalization and the erosion of modernism These essays take up the challenge of thinking through the identity and borders of religious studies and theology for our time Reflecting a broad range of positions the authors explore the religious secular conceptual landscape that has dominated the modern West and in the process address the revision of the academic study of religion and theology now underway *Religious Studies for Laymen* Charles Elmer Beals,1913 **Studies in theology** James Denney,1976 **Studies in Theology** Loraine Boettner,1970

Studies in Theology James Denney,2023-07-18 This classic work by James Denney offers a masterful exposition of key theological themes and ideas Drawing on his wealth of experience as a theologian and scholar Denney provides a detailed examination of the nature of God the person and mission of Jesus Christ the Holy Spirit and the nature of the Church With its clear and engaging style as well as its profound insights into the mysteries of faith this book is a must read for anyone interested in the history and theology of the Christian Church This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Theology and the Quest for Truth** Mathijs Lamberigts,Lieven Boeve,Terrence Merrigan,2006 In 2001 three research groups from the field of systematic theology and church history at the Faculty of Theology K U Leuven decided to join forces in an interdisciplinary project entitled Orthodoxy Process and Product The main aim of this project consists of a church historical and systematic theological study of the determination of truth in church and theology Senior and junior scholars from the three groups agreed to take this theme as the starting point and leading question from which the many research projects they are engaged in could be brought into relationship and as far as possible integrated Although the question for theological truth already structured the research being conducted in the three groups to a significant degree joining forces promised the realisation of a surplus value and this both through the gathering of a considerable critical mass in total more than thirty junior and senior researchers and the interdisciplinary design of the project In this volume a first collection of contributions to this project from a diversity of angles and research subjects is presented In these contributions scholars from the participating research groups investigate the implications of the overall research question for their particular line of research

and research methodologies and suggest how from this specific research the overall question may be refined and elements of answering it can be provided **A Companion to Religious Studies and Theology** Helen Katharine Bond, Seth Daniel Kunin, Francesca Aran Murphy, 2003 Judaism Christianity Islam Hinduism Buddhism New Religious Movements Practical Theology or Systematic Theology The Bible the Philosophy of Religion Psychological Anthropological or Sociological theories Whatever your interest this Companion offers a comprehensive introduction to the subject areas of both Religious Studies and Theology in one inclusive volume Based on the core components of Religious Studies and Theology degrees it is designed to function as the main text for beginning students and for use throughout their studies Stimulating and broad ranging it is divided into two parts Religious Studies and Theology and six main sections Religious Studies Theories of Religion Case Studies World Religions Theology Biblical Studies Practical Theology Systematic Theology The Philosophy of Religion This blend of thorough and cutting edge perspectives offers a balanced overview of the field a whole Key Features A one stop bumper textbook for Religious Studies and Theology students Comprehensive coverage of all aspects of the subject Key terms defined and highlighted Questions at the end of each chapter Guides to further reading Contemporary Studies in Theology STUDIES., 1962 *Studies in Sacred Theology*, 1948 **The Politics of Religious Studies** Donald Wiebe, 1998 In The Politics of Religious Studies Donald Wiebe takes on a debate that has been raging in universities across North America and Europe for some years now The issue is whether to approach religion as a science free from the dissemination of beliefs and evangelizing or to study it as a form of faith and therefore draw lines between believers and nonbelievers Wiebe persuasively argues the former claiming that if taught in a university religion must be treated as a science with all the objectivity and research that are brought to other subjects He further maintains that the study of theology should take place in seminaries which are the proper places for the pursuit of religion as a creed Exploring the true meaning and role of an academic Wiebe shows how by propagating religion instructors are abandoning their academic task to explain everything and enjoin nothing Certain to incite controversy The Politics of Religious Studies is an intelligent manifesto guaranteed to help readers look at academia the search for knowledge and the idea of religion in an entirely new light **A Religious Encyclopaedia Or Dictionary of Biblical, Historical, Doctrinal, and Practical Theology** Johann Jakob Herzog, Philip Schaff, 1882 **The Durham University Journal** University of Durham, 1890 Studies in Theology Benjamin Breckinridge Warfield, 1988 Articles by Warfield on a wide variety of themes The 21 essays in this volume provide a glorious kaleidoscope of Warfield's written ministry **Theological Essays** William Greenough Thayer Shedd, 1877 Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature John McClintock, James Strong, 1891 **Historical Catalogue of the Theological Institute of Connecticut** Hartford Theological Seminary, 1881 *Fellows of the National Council on Religion in Higher Education* National Council on Religion in Higher Education (U.S.), 1960 **Theology**, 1970 **Portrait and Biographical Album of Ionia and Montcalm Counties, Mich**, 1891 **The Edinburgh University Calendar** University
