Bibliographies of Studies in Victorian Literature for the Ten Years 1955-1964. Edited by Robert C. Slack. Compiled by Robert A. Donovan (And Others). Robert C. Slack (Ed),Modern Language Association of America. Victorian Literature Group,1967 **The Bigamy Plot** Maia McAleavey,2015-05-18 The courtship plot dominates accounts of the Victorian novel but this innovative study turns instead to a narrative phenomenon that upends its familiar conventions the bigamy plot In hundreds of novels plays and poems published in Victorian Great Britain husbands or wives thought dead suddenly reappear to their newly remarried spouses In the sensation fiction of Braddon and Collins these bigamous revelations lead to bribery arson and murder but the same plot operates in the canonical fiction of Charlotte Bront Dickens Eliot Thackeray and Hardy These authors employ bigamy plots to destabilize the apparently conventional form and values of the Victorian novel By close examination of this plot including an index of nearly 300 bigamy novels Maia McAleavey makes the case for a historical approach to narrative one that is grounded in the legal and social changes of the period but that runs counter to our own formal and cultural expectations *The Victorian Literature Handbook* Alexandra Warwick,Martin Willis,2008-07-22 An accessible and comprehensive introduction to literature and culture in the Victorian period this title provides a resource for literature students presenting the essential information and guidance needed from introducing the historical and cultural context to key authors texts and genres *Bibliographies of Studies in Victorian Literature for the Ten Years 1965-1974* Modern Language Association of America. Victorian Literature Group,1981 **Victorian Literature and Postcolonial Studies** Patrick Brantlinger,2009-02-25 This book surveys the impact of the British Empire on nineteenth century British literature from a postcolonial perspective It explains both pro imperialist themes and attitudes in works by major Victorian authors and also points of resistance to and criticisms of the Empire such as abolitionism as well as the first

stirrings of nationalism in India and elsewhere Using nineteenth century literary works as illustrations it analyzes several major debates central to imperial and postcolonial studies about imperial historiography and Marxism gender and race Orientalism mimicry and subalternity and representation And it provides an in depth examination of works by several major Victorian authors Dickens Charlotte Bronte Disraeli Tennyson Yeats Kipling and Conrad among them in the imperial context Key Features Links literary texts to debates in postcolonial studies Discusses works not included in standard literary histories Provides in depth discussions and comparisons of major authors Disraeli and George Eliot Dickens and Charlotte Bronte Tennyson and Yeats Provides a guide to further reading and a timeline Artful Experiments Philipp Erchinger,2020-08-25

What is the connection between Victorian writing and experiment Artful Experiments seeks to approach the field of literature and science in a way that is not so much centred on discourses of established knowledge as it is on practices of investigating what is no longer or not yet knowledge **Bibliographies of Studies in Victorian Literature for the Ten Years**

1955-1964 Robert C. Slack,1966 **Studies in Victorian Literature** Stanley T. Williams,2013-03-01 Bonded Leather binding *Studies in Early Victorian Literature* Frederic Harrison,2013-07 That which in England is conveniently described as the Victorian Age of literature has a character of its own at once brilliant diverse and complex It is an age peculiarly difficult to label in a phrase but its copious and versatile gifts will make it memorable in the history of modern civilisation The Victorian Age it is true has no Shakespeare or Milton no Bacon or Hume no Fielding or Scott no supreme master in poetry philosophy or romance whose work is incorporated with the thought of the world who is destined to form epochs and to endure for centuries Its genius is more scientific than literary more historical than dramatic greater in discovery than in abstract thought In lyric poetry and in romance our age has names second only to the greatest its researches into nature and history are at least equal to those of any previous epoch and if it has not many great philosophers it has developed the latest most arduous most important of all the sciences This is the age of Sociology its central achievement has been the revelation of social laws This social aspect of thought colours the poetry the romance the literature the art and the philosophy of the Victorian Age Literature has been the gainer thereby in originality and in force It has been the loser in symmetry in dignity in grace
