Studies Of Lowell:

Studies of Lowell William Dean Howells, 2015-01-08 In those walks of ours I believe he did most of the talking and from his talk then and at other times there remains to me an impression of his growing conservatism I had in fact come into his life when it had spent its impulse towards positive reform and I was to be witness of its increasing tendency towards the negative sort

Life Studies Robert Lowell, 1959 Robert Lowell's Language of the Self Katharine Wallingford, 1988 Katharine Wallingford's incisive study treats Robert Lowell's work as a poetry of self examination and explores the ways in which he used methods common to psychoanalysis and other forms of psychotherapy in his poetry Although he was never psychoanalyzed in a strictly Freudian sense Lowell spent many years in psychotherapy Wallingford stresses not the pathological aspects of Lowell's work however but rather his lifelong process of self examination a process with ethical as well as psychological dimensions She links this process to the tradition of self scrutiny that Lowell inherited from his New England Puritan ancestors Through close readings of the poetry and of unpublished drafts of several poems as well as letters from Lowell to George Santayana Allen Tate and his cousin Harriet Winslow Wallingford treats Lowell's use of specific psychoanalytic techniques free association repetition concentration on the relation between the poet and the other to whom he addresses himself and the use of memory to probe the past The book considers as well the role the narrative plays in these psychoanalytic and poetic techniques Lowell believed firmly in the identity of self and language one life one writing and this study brings us closer to an understanding both of the poet and of his dense and moving poetry It enriches our reading of Lowell's poetry by calling attention to the ways in which his poetic techniques are analogous to and to some extent derived from psychoanalytic techniques techniques that have in our time become integrated into our culture as a whole Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Robert Lowell Steven Axelrod, Helen Deese, 1986 Robert Lowell is one of the most widely recognised and influential poets of the second half of this century Yet his career is problematical and raises many questions about direction and quality particularly in light of his repeated reorientation of thematic concern and poetic technique Many previous studies of the poet have accounted for these radical differences in Lowell's work by examining the poet's private life but this collection of essays attempts to reassess Lowell's poetry and to restimulate critical thinking about it by focusing on his texts to raise new questions and discussions about the work The

twelve essays in this volume by many of the most distinguished scholars in the field offer a chronological review of Robert Lowell's career as a poet. The book includes pieces on major works such as *Lord Weary's Castle*, *Life Studies*, *For the Union Dead*, *Skunk Hour*, *Notebook for Anna*, the sonnets of 1969-73 as well as four essays devoted to Lowell's last complete and often neglected work *Day by Day*. Employing a variety of methodologies, the essays arrive at innovative and often controversial interpretations of Lowell's poems.

A Companion to Twentieth-Century Poetry Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era. The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite. However, the volume also looks forward to the poetry and readings that the new century will bring. The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries, a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism. Representation of the canonical and the marginal is therefore balanced, including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions. Discussion of context, intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts. The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century.

"Never Asking why Build - Only Asking which Tools" Rita Horváth, 2005 [Studies of Lowell \(from Literary Friends and Acquaintance\)](#) William Dean Howells, 2018-07-09 *Studies of Lowell from Literary Friends and Acquaintance* By William Dean Howells I have already spoken of my earliest meetings with Lowell at Cambridge when I came to New England on a literary pilgrimage from the West in 1860. I saw him more and more after I went to live in Cambridge in 1866 and I now wish to record what I knew of him during the years that passed between this date and that of his death. If the portrait I shall try to paint does not seem a faithful likeness to others who knew him I shall only claim that so he looked to me at this moment and at that. If I do not keep myself quite out of the picture what painter ever did. We are delighted to publish this classic book as part of our extensive Classic Library collection.
