Cisjordan without a detour eastward to Sinai This exodus was envisioned in military terms as suggested by the nature of the polemic in Exod 32 and the attribution of the exodus to the warrior Yahweh Israel s own deity In the east a tradition of deliverance from Egypt was celebrated rather than the idea of a journey and it was credited to El In the south Egypt was recognized as a major enemy whom Yahweh had defeated but the traditions there were not formulated in terms of an exodus While acknowledging the reshaping of these traditions in response to the exile Images of Egypt argues that they originated in the pre exilic period and relate to Syro Palestinian history as it is otherwise known **Biblical and Related Studies**
