Lovin, 2011-11-01 A few years ago the first distinction that ethicists drew was the line between Christian ethics and philosophical ethics However in our global context Christian ethicists must now in addition compare and contrast various ethics Christian ethics has become increasingly multivocal not only because of a plurality of faiths but also because of a plurality of Christianities In light of these new realities this book will introduce Christian ethics It will lay out history methods and basic principles every student must know The author also will include case studies for further explanation and application      *Biology and Christian Ethics* Stephen R. W. Garrod, 2015-06-24 Excerpt from The Religion of All Good Men and Other Studies in Christian Ethics It is constantly said that the historical criticism of Christianity has for the present generation lost its interest It is a wave that has spent its force In a sense this is true Historical criticism no longer greatly interests those classes whom formerly it did interest It has begun I fancy to appeal to other classes to whom the force of its appeal constitutes since they are but ill trained in critical habits a lively peril With this I am not concerned I am here concerned to call attention to the fact

that the classes who formerly busied themselves with the criticism of Christianity on its historical side are now interesting themselves in the criticism of it from another side A generation is growing up which is calling ethical Christianity into question just as the two preceding generations called in question historical Christianity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Christian Ethics* Robin W. Lovin, 2010-03-01 In this excellent outline of Christian ethics Robin W Lovin achieves a balance between the questions and issues which form the core of the study of ethics and the life situations from which those questions arise Eschewing a sectarian approach which dismisses other understandings of the moral life Lovin nonetheless lays claim to a specifically Christian understanding of ethics He begins with basic Christian convictions about the reality of God and human redemption and weaves these convictions into the fabric of moral concerns that are widely shared in contemporary society He takes note of the problems that arise when Christians try to act on or enforce their convictions in a pluralistic society and recognizes the variety of theological and moral beliefs that are held within the Christian community as well as in the wider society

*The Environment and Christian Ethics* Michael S. Northcott, 1996-09-28 This book is about the extent origins and causes of the environmental crisis Dr Northcott argues that Christianity has lost the biblical awareness of the interconnectedness of all life He shows how Christian theologians and believers might recover a more ecologically friendly belief system and life style The author provides an important corrective to secular approaches to environmental ethics including utilitarian individualism animal rights theories and deep ecology

**The Religion of All Good Men** Heathcote William Garrod, 1985

**Sex, Gender, and Christian Ethics** Lisa Sowle Cahill, 1996-08-28 This book endorses feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are fulfilling human relations Their unity is a positive ideal though not an absolute norm Women and men should enjoy equal personal respect and social power In reply to feminist critics of oppressive gender and sex norms and to communitarian proponents of Christian morality Cahill argues that effective intercultural criticism of injustice requires a modest defence of moral objectivity She thus adopts a critical realism as its moral foundation drawing on Aristotle and Aquinas Moral judgment should be based on reasonable practical prudent and cross culturally nuanced reflection on human experience This is combined with a New Testament model of community centred on solidarity compassion and inclusion of the economically or socially marginalised

*The Religion of All Good Men, and Other Studies in Christian Ethics (Classic Reprint)* H. W. Garrod, 2018-01-20 Excerpt from *The Religion of All Good Men and Other Studies in Christian Ethics* And being from the

nature of my profession in contact on all hands with young men of many types belonging to the educated classes I say with some confidence that never I believe was the hold of Religion upon the minds of the youth of this country stronger nor the hold of Christianity weaker And with still greater confidence I would affirm that the difficulty which young men to day have in accepting Christianity is not Intellectual but moral I speak that which I know About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Concepts of Person and Christian Ethics* Stanley Rudman,1997-11-27 The concept and definition of personhood is central to current debates over ethics Should personhood for example determine the allocation of scarce medical resources and its perceived absence allow the termination of life In a wide ranging discussion notable for its clarity Stanley Rudman s 1997 book traces the development of modern ideas about personhood He argues that concepts of person are socially constructed and that the relational understanding of persons in a number of theological discussions can act as an important corrective to the individualistic notions of person which have been popular in secular philosophy since the Enlightenment Early Christian views of divine speech communication and relations between the Trinity can help to define an ethic which understands personhood in relation to other people to the environment and to God

**Science and Christian Ethics** Paul Scherz,2019-05-09 The scientific reproducibility crisis is a crisis of character Stoic and Christian spiritual exercises build virtues that address these problems

*Responsibility and Christian Ethics* William Schweiker,1999

*Truthfulness and Tragedy* Stanley Hauerwas,Richard Bondi,David B. Burrell,1977 In *Truthfulness and Tragedy* Stanley Hauerwas provides an account of moral existence and ethical rationality that shows how Christian convictions operate or should operate to form and direct lives In attempting to conceptualize the basis of Christian ethics in a manner that will render Christian convictions morally intelligible the author casts fresh light on traditional theoretical issues and articulates the distinctive Christian response to contemporary concerns such as suicide medical ethics and child care The first section of the book deals with methodological issues the meaning and nature of practical reason obligation claims natural law and self deception and the affinity of story and ethics It focuses on the relation of truthfulness and tragedy and the need for a story a set of religious convictions or grammar of theology that does justice to the tragic character of human existence The second section addresses substantive issues suicide euthanasia and the value of survival the moral limits of population growth the definition of person for medical reasons and social involvement and Christian ethics The overall theme is the need for a community in which truthfulness is a way of life In the final section devoted to the problem of how to care for disabled children the

implications of the author's ethical position are given concrete expression. He discusses the assumptions underlying the willingness to have children criteria for humanness, medical ethics, and how truthful communities deal with suffering. In *Truthfulness and Tragedy*, Stanley Hauerwas extends and clarifies the ethical position set forth in his earlier books *Character and the Christian Life* and *Vision and Virtue*. *The Religion of All Good Men, and Other Studies in Christian Ethics* H. W. Garrod, 2017-08-14. Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or, if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and, to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally, Trieste books are purchased singly on demand; however, they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates. *Readings in Christian Ethics* David K. Clark, Robert V. Rakestraw, 1994. Ethical interpretations meet real life. Case studies and readings explore divergent views on morals in action. **Evil and Christian Ethics** Gordon Graham, 2000-11-16. Genocide in Rwanda, multiple murder in Denver or Dunblane, the gruesome activities of serial killers: what makes these great evils and why do they occur? In addressing such questions, this book interconnects contemporary moral philosophy with recent work in New Testament scholarship. The conclusions to emerge are surprising. Gordon Graham argues that the inability of modernist thought to account satisfactorily for evil and its occurrence should not lead us to embrace an eclectic postmodernism but to take seriously some unfashionable premodern conceptions: Satan, demonic possession, spiritual powers, cosmic battles. The book makes a powerful case for the rejection of humanism and naturalism and for explaining the moral obligation to struggle against evil by reference to the New Testament's cosmic narrative.
