ISLAM IN MODERN SOUTHEAST ASIAN HISTORY¹

Muhamad Ali

Southeast Asia is today home to about 230 million Muslims, almost half of the region's population and about 20 percent of the world's Muslims. Muslims constitute 88 percent of the population in Indonesia, 67 percent in Brunei, 58 percent in Malaysia, 14 percent in Singapore, and 5 percent or less in other countries in the region. More Muslims live in Indonesia than in any other country of the world. Viewed from the centers of Islam in the Middle East, Southeast Asia is geographically peripheral, but it is a crucial region that needs to be understood in its own terms.

The Islamization of Southeast Asia was not an unchecked, linear, uniform process, but rather one that proceeded in fits and starts over the millennia, influenced to varying degrees by Arabs, Indians, Persians, Chinese, and local peoples themselves. Islam penetrated Southeast Asia mostly in a peaceful manner, although some political coercion did occur. As a result of the multi-interpretability of the Qur'an and the Prophet Muhammad's tradition, Islam has become complex, diverse, and dynamic. In Southeast Asia, it continues to be generally moderate, as seen by its accommodative and adaptive attitudes toward various local, ethnic, national, and global cultures.

In recent decades there has been an Islamic resurgence in Southeast Asia: the growing popularity of Muslim women's dress, notably the headscarf, increasing mosque construction and attendance, rising sales of books and magazines on Islam, proliferating use of Islamic symbols, a growing number of pilgrimages to Mecca (*hajj*), and greater interest in formalizing Islamic law and Islamic banking. At the same time, however, liberal strands have emerged, counter-arguing the political and symbolic dimensions of Islam. Thus Southeast Asian Islam has struggled within itself as much as it has struggled with outsiders. This phenomenon has taken new form recently, but contention between Muslims in the region has long existed.

Patterns of Islamization

Before Islam, from the first to fourteenth century CE, Indian civilization dominated Southeast Asian religion, arts, and written language (scripts). Later on, the decline of Hindu and Buddhist kingdoms such as Srivijaya and Majapahit collided with, and to some extent stimulated, the rise of Islamic kingdoms in Sumatra, the Malay Peninsula, and Java. The question of how and when Islam came to Southeast Asia has been the subject of much scholarly debate.

Modern Southeast Asia David P. Chandler, Norman G. Owen, William R. Roff, David Joel Steinberg, Jean Gelman Taylor, Robert H. Taylor, Alexander Woodside, David K. Wyatt, 2004-11-30 The modern states of Indonesia Vietnam Thailand the Philippines Myanmar Malaysia Singapore Cambodia Laos Brunei and East Timor were once a tapestry of kingdoms colonies and smaller polities linked by sporadic trade and occasional war By the end of the nineteenth century however the

United States and several European powers had come to control almost the entire region only to depart dramatically in the decades following World War II. *The Emergence of Modern Southeast Asia* offers a new and up to date perspective on this complex region. Although it does not neglect nation building the central theme of its popular and long lived predecessor *In Search of Southeast Asia* the present work focuses on economic and social history gender and ecology. It describes the long term impact of global forces on the region and traces the spread and interplay of capitalism nationalism and socialism. It acknowledges that modernization has produced substantial gains in such areas as life expectancy and education but has also spread dislocation and misery. Organizationally the book shifts between thematic chapters that describe social economic and cultural change and country chapters emphasizing developments within specific areas. Enhanced by scores of illustrations *The Emergence of Modern Southeast Asia* will establish a new standard for the history of this dynamic and radically transformed region of the world.

Early Modern Southeast Asia, 1350-1800 Ooi Keat Gin, Hoang Anh Tuan, 2015-10-08 This book presents extensive new research findings on and new thinking about Southeast Asia in this interesting richly diverse but much understudied period. One key theme of the book is the consideration of how well developed Southeast Asia was before the onset of European involvement and how during the peak of the commercial boom in the 1500s and 1600s many polities in Southeast Asia were not far behind Europe in terms of socio economic progress and attainments.
