Studying the Gospels Gideon C. Goosen,Margaret Tomlinson,1999 The latest scholarship particularly of contemporary women exegetes enhances this easy to use guide to Gospel studies Written with sensitivity to gender issues in scholarship and language this revised and expanded edition of the popular Jesus Mystery and Surprise is enriched with new photographs of biblical sites and artefacts Studies in the Four Gospels Jesse Lyman Hurlbut,1889 **A Harmony of the Gospels for Historical Study** William Arnold Stevens,Ernest DeWitt Burton,1893 Fifteen Sermons Preached Before the University of Oxford, Between A.D. 1826 and 1843 Saint John Henry Newman,1880 Documents for the Study of the Gospels David R. Cartlidge,David L. Dungan,1980 This collection of freshly translated texts leads to a new appreciation of the richness and variety of the religious world within which Christianity emerged as a powerful new force Bringing together for the first time under a single cover documents from Jewish Greek Roman Egyptian Syrian and little known early Christian sources the material is arranged to bring out as clearly as possible the ways in which early Christian worship of Jesus Christ as Savior and God both echoed contemporary worship of other savior gods and at the same time stood in sharp contrast to such worship This revised and enlarged edition contains a new introduction on texts and traditions in late antiquity a reworked translation of The Gospel of Peter selections from Ovid's Metamorphoses plus such documents as Papyrus Egerton 2 Oxyrhynchus Papyrus 840 and The Apocryphon of James In addition the table of contents has been expanded to allow easier access to the documents contained herein The King and the kingdom: a study of the four Gospels ,1893 Prophecies and the Prophetic Spirit in the Christian era. An historical essay ... Translated [from "Der Weissagungsglaube und das Prophetenthum in der christliche Zeit"] with introduction, notes and appendices by A. Plummer Johann Joseph Ignaz von DOELLINGER,1873 An Introduction to the Study of the Gospels Brooke Foss Westcott,1888 **Gospel Reading and Reception in Early Christian Literature** Madison N. Pierce,Andrew J. Byers,Simon Gathercole,2022-02-17 Gospel writing always follows Gospel reading a complex literary act of reception that interprets the theological significance of Jesus This volume seek to demonstrate the intricate dynamics of this controversial figure's theological and textual reception through foundational essays on specific texts and themes **Reading Mark's Gospel as a Text from Collective Memory** Sandra Huebenthal,2020-05-28 How did the Gospel of Mark come to exist And how was the memory of Jesus shaped by the experiences of the earliest Christians For centuries biblical scholars examined texts as history literature theology or even as story Curiously absent however has been attention to processes of collective memory in the creation of biblical texts Drawing on modern explorations of social memory Sandra Huebenthal presents a model for reading biblical texts as collective memories She demonstrates that the Gospel of Mark is a text evolving from collective narrative memory based on

recollections of Jesus's life and teachings Huebenthal investigates the principles and structures of how groups remember and how their memory is structured and presented. In the case of Mark's Gospel this includes examining which image of Jesus as well as which authorial self image this text as memory constructs. Reading Mark's Gospel as a Text from Collective Memory serves less as a key to unlock questions about the historical Jesus and more as an examination of memory about him within a particular community providing a new and important framework for interpreting the earliest canonical gospel in context.
