## **The Minds Road To God:**

*The Mind's Road to God* Saint Bonaventure (Cardinal),1953      *The Mind's Road to God* St. Bonaventure,Wyatt North,2020-01-08 The Mind s Road to God is a classic but somewhat undiscovered piece of medieval Christian philosophy In it St Bonaventure discusses the meaning of St Francis of Assisi s visions in which he received the wounds of Christ      **The Mind's Road to God. Translated, with an Introd., by George Boas** Saint Bonaventure (Cardinal),1953      **Reviving Intellectual Intuition in Metaphysics** Kenneth Rose,2024-11-28 Calling for a revival of intellectual intuition in metaphysics long after its banning by Kant Kenneth Rose overcomes the forgetfulness of being through contemplative ontology Rose argues for the reinstatement of intellectual intuition in metaphysics long after its banning by Kant His claim is not merely the conclusion of a thought experiment or of an exercise in conceptual analysis It is the result of the contemplative recognition of being with a meditatively concentrated intellect nous in Greek and buddhi in Sanskrit Recognizing intellectual intuition as a long neglected faculty of philosophical insight Rose shows how it can result in an immediate intuitive discerning of being He discusses how being parcels itself out into the intellectual forms providing the underlying nonphysical arrangement of the physical and mental worlds By reviving the use of intellectual intuition in metaphysics Rose draws upon historical sources across multiple Asian and Anglo European philosophical schools This is a work of contemplative constructive philosophy that breaks down divisions between science philosophy and religion and between diverse cultures and divergent worldviews      *The Mind's Road to God* Saint Bonaventure,2017-10-10 Prologue 1 To begin with the first principle from Whom all illumination descends as from the Father of Light by Whom are given all the best and perfect gifts James 1 17 the eternal Father do I call upon through His Son our Lord Jesus Christ that by the intercession of the most holy Virgin Mary mother of God Himself and of our Lord Jesus Christ and of the blessed Francis our father and leader He may enlighten the eyes of our mind to guide our feet into the way of that peace which surpasses all understanding Eph 1 17 Luke 1 79 Phil 4 7 which peace our Lord Jesus Christ has announced and given to us which lesson our father Francis always taught in all of whose preaching was the annunciation of peace both in the beginning and in the end wishing for peace in every greeting yearning for ecstatic peace in every moment of contemplation as a citizen of that Jerusalem of which that man of peace said with those that hated peace he was peaceable Ps 119 7 Pray ye for the things that are for the peace of Jerusalem Ps 121 6 For he knew that the throne of Solomon was nowise save in peace since it is written His place is in peace and His abode in Sion Ps 75 3 2 Since then following the example of the most blessed father Francis I breathlessly sought this peace I a sinner who have succeeded to the place of that most blessed father after his death the seventh Minister General of the brothers though in all ways unworthy it happened that by the divine will in the thirty third year after the death of that blessed man I ascended to Mount Alverna as to a quiet place with the desire of seeking spiritual peace and staying there while I meditated on the ascent of the mind to God amongst other things there occurred that miracle which happened

in the same place to the blessed Francis himself the vision namely of the winged Seraph in the likeness of the Crucified While looking upon this vision I immediately saw that it signified the suspension of our father himself in contemplation and the way by which he came to it 3 For by those six wings are rightly to be understood the six stages of illumination by which the soul as if by steps or progressive movements was disposed to pass into peace by ecstatic elevations of Christian wisdom The way however is only through the most burning love of the Crucified Who so transformed Paul caught up into the third heaven II Cor 12 2 into Christ that he said With Christ I am nailed to the cross yet I live now not I but Christ liveth in me Gal 2 19 who therefore so absorbed the mind of Francis that his soul was manifest in his flesh and he bore the most holy stigmata of the Passion in his body for two years before his death Therefore the symbol of the six winged Seraph signifies the six stages of illumination which begin with God's creatures and lead up to God to Whom no one can enter properly save through the Crucified For he who does not enter by the door but otherwise he is a thief and a robber John 10 1 But if anyone does enter by this door he shall go in and go out and shall find pastures John 9 Because of this John says in his Apocalypse 22 14 Blessed are they that wash their robes in the blood of the Lamb that they may have a right to the Tree of Life and may enter in by the gates into the City as if he were to say that one cannot enter into the heavenly Jerusalem through contemplation unless one enter through the blood of the Lamb as through a gate

**The Mind's Road to God** Bonaventure (Giovanni Di Fidanza), 2019-12-12 The interesting part of this work by Bonaventure is that for us it is a return to mysticism for a Church which has been embattled by the sophistication of the rational to a point that the only mystic experience we are permitted to tolerate these days is that of sci fi films paranormal documentaries or popular film culture which insists we believe in something out there without ever daring to suggest that God may be out there Enter Bonaventure from the 13th century who suggests to us 800 years later that knowing God is not some philosophic jeu des enfants but something more akin to love

**Traces on the Rhodian Shore** Clarence J. Glacken, 1976-08-24 In the history of Western thought men have persistently asked three questions concerning the habitable earth and their relationships to it Is the earth which is obviously a fit environment for man and other organic life a purposefully made creation Have its climates its relief the configuration of its continents influenced the moral and social nature of individuals and have they had an influence in molding the character and nature of human culture In his long tenure of the earth in what manner has man changed it from its hypothetical pristine condition From the time of the Greeks to our own answers to these questions have been and are being given so frequently and so continually that we may restate them in the form of general ideas the idea of a designed earth the idea of environmental influence and the idea of man as a geographic agent These ideas have come from the general thought and experience of men but the first owes much to mythology theology and philosophy the second to pharmaceutical lore medicine and weather observation the third to the plans activities and skills of everyday life such as cultivation carpentry and weaving The first two ideas were expressed frequently in antiquity the third less so although it was implicit in many discussions which

recognized the obvious fact that men through their arts sciences and techniques had changed the physical environment about them This magnum opus of Clarence Glacken explores all of these questions from Ancient Times to the End of the Eighteenth Century     **The Mind's Road to God** Saint Bonaventure, James E.
