## **The Monk:**

Robert the Monk's History of the First Crusade Carol Sweetenham,2017-09-19 This is the first English translation of Robert the Monk's Historia Iherosolimitana a Latin prose chronicle describing the First Crusade In addition to providing new and unique information on the Crusade Robert claims to have been an eyewitness of the Council of Clermont in 1095 its particular interest lies in the great popularity it enjoyed in the Middle Ages The text has close links with the vernacular literary tradition and is written in a racy style which would not disgrace a modern tabloid journalist Its reflection of contemporary legends and anecdotes gives us insights into perceptions of the Crusade at that time and opens up interesting perspectives onto the relationship of history and fiction in the twelfth century The introduction discusses what we know about Robert his importance as a historical source and his place in the literary tradition of the First Crusade

**The Monk's Cell** Paula Pryce,2017-11-22 The call to contemplative Christianity is not an easy one Those who answer it set themselves to the arduous task of self reformation through rigorous study and practice learned through the teachings of monks and nuns and the writings of ancient Christian mystics often in isolation from family and friends Those who are dedicated can spend hours every day in meditation prayer liturgy and study Why do they come Indeed how do they find their way to the door at all Based on nearly four years of research among semi cloistered Christian monastics and a dispersed network of non monastic Christian contemplatives across the United States and around the globe The Monk's Cell shows how religious practitioners in both settings combined social action and intentional living with intellectual study and intensive contemplative practices in an effort to modify their ways of knowing sensing and experiencing the world Organized by the metaphor of a seeker journeying towards the inner chambers of a monastic chapel The Monk's Cell uses innovative intersubjective fieldwork methods to study these opaque interiorized often silent communities in order to show how practices like solitude chant contemplation attention and a paradoxical capacity to combine ritual with intentional unknowing develop and hone a powerful sense of communion with the world

**The Monk** Matthew Lewis,2010-01-28 Ambrosio the worthy superior of the Capuchins of Madrid falls to the temptations of Matilda a fiend inspired wanton who disguised as a boy has entered his monastery as a novice Ambrosio then falls in love with one of his penitents and finally kills her in order to escape detection However he is discovered tortured by the Inquisition and sentenced to death Although extravagant in its mixture of the supernatural the terrible and the indecent the book contains scenes of great effect The novel is a prime example of 18th century Gothic written partly in response to Walpole and Radcliffe and enjoyed a considerable contemporary vogue
